

## THE NEW DIRECTIVE OF FRENCH TENNIS FEDERATION HAD A MEETING WITH INTERNATIONAL PADEL FEDERATION

From the International Padel Federation we welcome the new directive of the French Tennis Federation headed by its new president: **Gilles Moretton**.

Last week they started their work with Padel, showing to the FIP its interest in the growth of this discipline. The meeting between both institutions was held in Paris, between **Luigi Carraro**, the new president **Gilles Moretton**, **Pierre Doumayrou** (Secretary General), **Arnaud Clement**, (Vice-President of Competition), and the development manager of Padel **Arnaud Di Pasquale**, former tennis player, Olympic medalist and passionate about our sport for more than 15 years. The topics discussed were focused on the plans of the Gallic country on the development of Padel nationally and internationally.

The key points of the meeting were:

- Padel's unique license.
- Support and enhanced support to the Padel clubs
- Boost teaching in the country with a new training course for coaches
- Include more FIP international tournaments integrated into your circuits
- Working to host the FIP's most important International Championships

Without a doubt, having such a great federation working for Padel will make us much stronger and help our sport develop even faster and more professionally in the world.
