For the first time, the official FIP championship will have to organize a qualifying round to complete the final stage with the 16 best teams.

Once the deadline to confirm the registration ended, 18 countries corroborated their presence in this edition. 12 national teams will directly enter the final stage and 6 of them will compete, divided into two groups, the remaining 4 places to be eligible for the title of European champion 2021.

Austria, Belgium, Denmark, Finland, France, Germany, Great Britain, Holland, Italy, Lithuania, Monaco, Norway, Poland, Russia, San Marino, Spain, Sweden, Switzerland

Marbella, the city that saw the birth of Padel in Europe, will once again make history in our sport with the European event with the highest participation by national teams, although, the total number of flags represented will be even bigger with the registration in the Open by National Pairs of players representing emerging countries that very soon we will see compete with full teams.

We are waiting for you all, from June 28 to July 4 at the Marbella Fairgrounds.
