## 5. REQUIREMENTS AND OBLIGATIONS

The FIP Promises will award points for the international FIP Junior Rankings and that also helps to prepare the World Junior Championship 2021, which will be improved as the editions go by.

If any Junior player from any country wants to play the FIP FINALS Promises Championship, they will have 3 options:

1. Win the National Championship where they belong
2. Win a FIP PROMISES Tournament
3. By Ranking FIP Promises

The point 1 will be the kickoff for those countries with no "Junior National Tournaments". The idea is to help them to create those tournaments to promote the bases and be represented in the Final Stage.

One of the requirements to be able to award one of the tournaments of the FIP Promises circuit is to organize some parallel activities, under the supervision of the FIP to encourage Juniors to participate in these tournaments.
