FIP Rise Sweden IV, Goteborg brings good luck to Castillo and Alfaro

Pablo Castillo Valverde and **Candido Jorge Alfaro** had already reached the final of a **CUPRA FIP Tour** tournament played in Gothenburg (Sweden) in February, but lost to Santigosa/Collado.

Last weekend, the two Spanish, the number 2 seed in the **FIP Rise Sweden IV**, were able to win the tournament at the end of a very balanced final, in which Castillo and Alfaro came back from a set down and close 3-6 6-1 7-5 over the surprising Swedish **Linus Frost** and **Albin Olsson**, who were not among the top seeds and came close to a sensational feat. Castillo gained 10 FIP ranking positions (from 152 to 142), while Alfaro climbed from 163 to 157.
