Argentina: the “A” segment of the Junior Final Masters has finished: the results

The “A” segment of the **Junior Final Masters**, which took place from Friday 2 August until Sunday 4 August at the **Premium APA Center in Tortuguitas**, the same venue that hosted the “B” and “C” segments last weekend, has come to an end.

There were another three successful days of padel in which a total of 114 matches were played, in which more than 100 children participated divided into eight categories (four in the women’s and four in the men’s) and surrounded by the presence of many parents, family and friends.

Thus, this double stage of the Master Final, to which the youngsters arrived after competing in the four Junior Selectives that took place during the year (two in Cordoba, one in Misiones and another in Mar del Plata), comes to an end.

“I would like to congratulate the boys and girls who have competed throughout the year and have been crowned here in this great tournament. I would also like to thank the families who have made a great effort to be at the Selectives. And to the boys who are proud of the stage they have reached, as it is the dream of many throughout the country”, said **Santiago Brito**, president of the APA, at the end of the competition.

In addition, it was announced that, after the **Panamerican Junior Championship** in Mexico, which will take place from 17 to 21 September, there will be dates for the **FIP Promises** tournaments, where the Juniors will participate. The first of them will take place at the Premium APA Center, from 18 to 20 October, while others will be held in other parts of the country.
