## Comunidad de Madrid Premier Padel P1, Coello and Tapia triumph in the men's draw. Women, title to Triay-Fernandez

One year later, the kings of **Madrid** are still **Arturo Coello** and **Agustin Tapia**. In the final of the **Comunidad de Madrid Premier Padel P1**, the FIP number 1 ranked players confirmed their title by beating **Fede Chingotto** and **Ale Galan** 6-3 7-6 in one hour and 31 minutes, winning the seventh trophy of their incredible season. A perfect match, that of Coello and Tapia, with Galan instead author of an excessive number of unforced errors that didn't even allow the number 2 seeded pair to take the match to the third set. *"We didn't go on holiday to continue training in August"*, confessed Tapia, with Coello confirming how the summer was spent more on the court than on the beach. *"Agus is an animal, he had a brutal mini pre-season: he's in incredible condition"*.

The women's tournament title was won by **Gemma Triay** and **Claudia Fernandez**, the number 3 seed in the draw: the Spaniards took advantage of the withdrawal of **Delfi Brea** and **Bea Gonzalez** due to an injury after the score had seen Triay/Fernandez ahead 6-2 2-1. It was a sad ending for Bea, who was in tears after the number 5 ranked player had already been forced to stop due to physical problems earlier in the season. *"It's sad to end a final like this – said Triay –. Bea is having a lot of bad luck, but I'm sure she will come back much stronger. With Claudia, on the other hand, I take my hat off to her, she is playing impressively"*. *"I want to give strength to Bea, who is not having a good time –. Fernandez added –. Winning a tournament here, at home, for me is one of the most rewarding things I will ever do"*. For Triay and Fernandez, it's the third title of the season, the second in a P1 after the one in Santiago, to which they added the P2 in Bordeaux.

Not even time to close the P1 in **Madrid**, that the **Premier Padel** circuit moves to **Rotterdam**, for another P1: the great padel goes on.
