## 1. INTRODUCTION

### 1.1 DESCRIPTION AND APPLICABILITY

This document (the “**Regulation**”) provides the rules and regulations of the Premier Padel Circuit for all Premier Padel LLC (“**Premier Padel**”) women’s tournaments.

This document shall be reviewed and updated when reasonably necessary for the purposes of adapting it to new situations or realities of the sport.

Each player who participates in a Premier Padel competition undertakes and assumes, as an essential condition and inherent to their participation, to comply with and be subject to these Regulations, as well as the rest of the rules and regulations of the International Padel Federation (the “FIP”), including the FIP Disciplinary Code and the FIP Code of Ethics in force from time to time.

In the event of inconsistencies between these Regulations and other documents and guidelines, such as the Tournament Standards and Guidelines, the Premier Padel Broadcasting Manual, or others, these Regulations shall prevail in all cases.

These Regulations apply to all women’s tournaments included in the Premier Padel tournament calendar (the “**Premier Padel Tournaments**”, and each of them a “**Premier Padel Tournament**”).

Unless otherwise stipulated, all references in these Regulations to the “**Tour**” shall be understood to be made to the official international women’s Padel championship sanctioned by the FIP, organized by Premier Padel, and which consists of the Premier Padel Tournaments.

### 1.2 RULES

Premier Padel selects and schedules tournaments on the calendar (the “**Official Calendar**”) and FIP is responsible for the resolution of any disputes, related dispute matters, including imposing sanctions on players, tournament officials, family members and representatives of players, coaches and other accredited persons.

The Regulations may be altered, amended or repealed by Premier Padel and/or the FIP in accordance with the Premier Padel By-Laws and the FIP and other applicable regulations.

The headings of the Sections contained in this document are inserted for convenience only and shall not affect the meaning or content therein.

Any action by Premier Padel or the FIP pursuant to these Regulations shall be deemed effective only when the affected parties have been notified of the action or, in the case of any action of general applicability, the action shall have been published in a manner that ensures circulation and general knowledge thereof is widespread.

Player and tournament posts and alerts (the “**Players and Tournaments Alerts**”) shall be considered official forms of communication of the Tour with its members, both at a general and individual level, and shall be published in a manner that ensures wide circulation through the Players Portal/Web (the “**Players Portal**”).

The FIP and, where appropriate, Premier Padel, may impose appropriate sanctions, in accordance with the legally established administrative procedure, including sporting and monetary sanctions, on any person subject to these Regulations who fails to comply with or aids and abets any violation of these Regulations. The administrative sanctioning procedure must grant the corresponding guarantees to the sanctioned party that guarantee their legitimate right of defense.

All monetary terms are in Euro currency unless expressly stated otherwise.

English and Spanish are the official languages of the Tour, and therefore these Rules are written in both languages, without prejudice to the fact that in the event of a discrepancy between the two, the Spanish version will prevail.

### 1.3 CALENDAR

The Official Calendar for each season shall be published at least seven weeks prior to the first Premier Padel Tournament of each season, with a deadline of December 31 of the previous year.

The Official Calendar for a given year shall be the official list of Premier Padel Tournaments to be held during the year in question.

Each tournament shall be assigned a Premier Padel Tournament week within the Official Calendar.

In justified situations, modifications to the Calendar may be made during the course of the year. In this case, the above-mentioned modifications shall be communicated to the National Padel Associations or Federations affiliated with the Tour (the “**Association Members**”) and published on the Player Portal in compliance with the deadlines established in this document.

(iii) the non-exclusive right to use and exploit each player's Individual Sports Image solely in connection with their participation on the Tour. In this case, only Premier Padel or Local Organizers may use this right to promote the Tour or each of the Premier Padel

Tournaments. That is, for clarity, only Premier Padel and Local Organizers may use Individual Player Sports Images to promote the Tour as a whole or each individual Premier Padel Tournament, without in any way allowing the use of Individual Player Sports Images in connection with third parties (including sponsors). For the purposes of clarity, “Collective Player Sports Images” shall be understood to mean the joint use of the sports images of the players related to their participation in the Tour, so that at least two (2) players from two (2) different pairs are always reproduced together. Furthermore, “Individual Player Sports Images” shall mean the single use of each player’s sports images.

- (N) The player undertakes not to promote or advertise directly or indirectly in any way any other Padel tour or organization, tournament, exhibition from ten (10) days prior to the start of a Premier Padel Tournament to ten (10) days after the end of the tournament. Players shall participate in any Premier Padel Tournament with priority over any other championship, tournament, sporting event of the same nature or exhibition. This priority rule means that in the event that any of the above activities occur at the same time as a Premier Padel Tournament, the players must participate in the corresponding Premier Padel Tournament and decline to participate in any of the aforementioned sports activities organized by a third party. Moreover, as a condition of their registration and acceptance in the Premier Padel Tournament, the players undertake not to participate in any championship, tournament sporting event of the same nature or exhibition in the same city as the Premier Padel Tournament or anywhere within two hundred (200) kilometers of the city of the Premier Padel Tournament during the forty (40) days prior to the start of the Premier Padel Tournament and during the (30) days following the end of the tournament.
- (O) Each player individually undertakes to be available for participation in four (4) official promotional days (excluding travel) per Tour season for commercial activities related to the Tour and its sponsors (collectively, the “**Promotional Activities for Non-Championship Events**”). These promotional days do not coincide with the dates on which a Premier Padel Tournament is held and therefore, Promotional Activities for Non-Championship Events shall take place outside of the days on which Premier Padel Tournaments are held.

Premier Padel shall be entitled to decide the content of each Promotional Activity for Non-Championship Events as it sees fit. However, these activities must be reasonable and customary within the industry. Non-Championship Event Promotional Activities may include, but are not limited to, at least the following:

- (i) launch event of each Tour season.
- (ii) launch events for each of the Premier Padel Tournaments, which may include one (1) exhibition performance and press conferences.
- (iii) in-person player interviews prior to the Premier Padel Tournaments for broadcast television, as well as any other *ad hoc* Premier Padel filming.
- (iv) clinics, ProAms and exhibition events, Premier Padel undertakes to make every effort not to appoint the same player to participate in such clinics, ProAms or exhibition events consecutively.
- (v) other special promotional events hosted by Premier Padel (signatures, photo shoots or other fan interaction at Tour venues and any other venues). Premier Padel shall ensure that these special promotional events do not interfere with player training sessions.

Each player's appearance at the Promotional Activities for Non-Championship Events shall generally last a total maximum of six (6) actual and consecutive hours per day per Promotional Activity for Non-Championship Events.

All Non-Championship Event Promotional Activities shall be given reasonable advance notice indicating the content of the applicable Non-Championship Event Promotional Activity. However, each player acknowledges and agrees that, in justified circumstances, this notice period may be reduced, but notice must be given to the player at least ten (10) days in advance.

The Non-Championship Event Promotional Activities may be conducted in person or virtually and Premier Padel shall cover all reasonable and documented expenses related to lodging, travel, meals and car rental (if applicable), including transportation between the locations where the Non-Championship Event Promotional Activity takes place and the location of accommodation.

Premier Padel shall determine the number of players that shall appear in each Promotional Activity for Non-Championship Events. The determination of the specific players to appear in any Promotional Activity for Non-Championship Events shall be decided by Premier Padel. Selected players shall follow reasonable instructions provided by Premier Padel with respect to the content of each Promotional Activity for Non-Championship Events,

including the performances to be held during such activity, as well as the applicable dress code (clothing and accessories).

- (P) In addition to the established Promotional Activities for Non-Championship Events, each player individually undertakes to be available to Premier Padel for participation in all regular promotional activities held at the Premier Padel Tournaments (the “**Championship Event Promotional Activity**”). Each player individually undertakes to be available to Premier Padel for participation in:
- (i) interviews after each match of a Premier Padel Tournament, in which both playing pairs shall provide the main broadcaster of each Premier Padel Tournament with a quick interview about their impressions of the match for no more than five (5) minutes. These interviews shall include questions in Spanish -or in the player’s first language if it is not Spanish- as well as several questions in English (for those players who speak English).
  - (ii) post-match press conferences.
  - (iii) short video after each Premier Padel Tournament match, in which both playing pairs shall provide Premier Padel’s social media channels and/or Premier Padel’s broadcast partner with a quick interview about their impressions of the match for no more than three (3) minutes.
  - (iv) Short post-game social media videos (before players leave the venue after matches) or at an agreed time for Premier Padel social media channels, to promote current or future Premier Padel Tournaments and Premier Padel partnerships.

Premier Padel shall be entitled to decide the content of each Championship Event Promotional Activity as it sees fit. However, these activities shall be reasonable and customary and must priority respect the player’s sporting obligations.

Premier Padel shall determine the number of players that shall appear in each Championship Event Promotional Activity. Premier Padel shall select the specific players that shall appear in any Championship Event Promotional Activity. Premier Padel shall select the players in a balanced way among all of them, taking into account their position in the Ranking. Players participating in a Premier Padel Tournament may not participate without Premier Padel’s prior consent in any business event or activity not organized by Premier Padel, the FIP or the Local Organizer that takes place

while the Premier Padel Tournament is being held (even after the player in question has been eliminated).

### 2.1.1 General

#### (A) Tour Responsibility

The FIP is responsible for processing all player requests to participate in all Premier Padel Tournaments and for notifying Local Organizers and Premier Padel Tournaments of all player information in a timely manner.

#### (B) Player entry and commitment to rules:

Any player entering or participating in any Premier Padel Tournament, in addition to Section 2.1 above, consents and agrees to the following:

##### (i) Compliance with rules and regulations

Each player must comply with and is subject to all provisions of these Regulations and the Premier Padel By-Laws, including but not limited to all amendments and modifications thereto on occasion.

##### (ii) Written Consent

Notwithstanding the provisions of these Regulations, each calendar year, all players, as a condition of entering or participating in any Premier Padel Tournament, together with the completion and signing of the annual player form that Premier Padel shall provide annually to each player (the “**Annual Player Form**”), must give their consent and agree to comply with these Regulations.

By signing the Annual Player Form, it shall be understood that each player accepts the full content of these Regulations.

#### (C) Registration terms

##### (i) Annual Player Form

A player must complete the Annual Player Form before playing their first match each season and ensure that the Tour has a copy of their valid passport at all times or, if a player does not have a valid passport, a copy of their birth certificate or certificate and photo ID.

Under no circumstances may a player participate in a Tour event or receive prize money until they have completed and returned the Annual Player Form and have confirmed that a copy of the documentation is available.

(ii) Registration

All players must submit an official registration application to be accepted into the Premier Padel Tournaments. Official entries can be made through the FIP website.

(iii) No registration shall be accepted unless the player's participation in the Premier Padel Tournament complies with the Gender Participation Policy and age eligibility rule, and the player is eligible to participate in the Premier Padel Tournament under the Premier Padel integrity rules then in effect (the "**Integrity Rules**").

(iv) Pursuant to the Integrity Rules, a player who fulfills a period of ineligibility or temporary suspension is not eligible to participate in a Premier Padel Tournament, or to automatically participate in a Premier Padel Tournament, which is held during the period of ineligibility or temporary suspension. If a player contests their provisional suspension, they may remain on the registration list for any Premier Padel Tournaments in which they participated prior to the effective date of the provisional suspension until the qualifying registration deadline for such Premier Padel Tournaments, at which time the player shall be automatically withdrawn from the applicable Premier Padel Tournament(s) if they are still ineligible.

(v) All outstanding fines from previous Tour years must be paid in full to the FIP, before a player can enter or compete in a Premier Padel Tournament in the applicable Tour season.

### 2.1.2 Enrollment deadlines

All references to registration deadlines refer to 5:00 p.m. Central European Time (CET), unless otherwise specified.

For the purpose of participating in a Premier Padel Tournament, players must submit their registration application by the applicable registration deadline.

Players who submit their registration after the registration deadline shall not be included in any acceptance list for the applicable Premier Padel Tournament and,

where applicable, unless justified in accordance with the content of these Regulations, shall be in breach of their registration obligations.

Players who are under FIP suspension for disciplinary reasons or for violations of anti-doping or anti-corruption programs are not eligible to participate in any Premier Padel Tournament until the suspension is complete.

The registration deadline shall be Wednesday at 5:00 p.m. CET three (3) weeks prior to the week in which the Premier Padel Tournament is to take place. The registration closing date may be modified, and in this case the change must be notified. In the event that the registration deadline is changed, the entry ranking corresponding to the date originally set for said deadline will apply for all purposes.

### 2.1.3 Entering two or more tournaments in the same week

A player may compete in two (2) tournaments held in the same week, provided it is with the same partner, and only in the event that they are on different circuits. One of them shall be PREMIER PADEL TOUR and the other shall be the **Main Draw** of a CUPRA FIP TOUR tournament.

### 2.1.4 Confirmations of Participation

All players whose participation in the Premier Padel Tournament has ended two (2) days prior to the start of the FIP Tour Tournament Main Draw and who are duly registered, shall have their participation confirmed automatically (example: start of the Main Draw Friday FIP Tour, the loser of the Wednesday day at Premier Padel can play the FIP Tour Tournament).

In case of not wishing to participate in the FIP Tour tournament, it will be the responsibility of the pair to notify the FIP Sports Department [competition@padelfip.com](mailto:competition@padelfip.com) of their withdrawal from the tournament, providing due justification. Failure to notify the withdrawal will be considered a Late Withdrawal.

## 2.2 TOURNAMENT ACCEPTANCE

### 2.2.1 Direct acceptance

Direct Acceptance (the “**Direct Acceptance**”) refers to a pair being accepted into a draw by virtue of their position in the FIP Ranking (combined points of both players) or by virtue of their protected ranking, unless otherwise determined by Premier Padel, the Age Eligibility Rule and the Integrity Rules.

Once a player has been accepted into a Premier Padel Tournament, they shall not be removed from the Acceptance List unless officially withdrawn or otherwise determined by Premier Padel, the Age Eligibility Rule and the Integrity Rules.

The list of direct acceptances will be issued after the registration deadline.

Any pair that has not entered the Premier Padel Tournament by the registration deadline shall not appear on the Acceptance List and shall not be able to become a Direct Acceptance for the draw.

A player may not register with more than one (1) partner.

Players wishing to participate in a Premier Padel Tournament using their Protected Ranking must submit an official request to the FIP indicating that they wish to use this ranking to enter the tournament. See section 7.3.5 Criteria and Rules of Use.

## 2.2.2 Lists of Tournament Acceptances

The listings for each Premier Padel Tournament are as follows (collectively, the “**Acceptance List**”):

- (A) **Waiting List or Alternate List (the “Alternate List”)**: composed of all pairs who have been left out of the previous phase due to their position in the Ranking on the closing date for registration. The Alternate List shall be updated every Monday along with the weekly Ranking update. The Monday before the start of the qualification phase, after the last update, each pair’s position for the Alternate List of the Premier Padel Tournament shall be made official.

In the event of any withdrawal, the pairs in the Alternate List shall be able to participate in the corresponding Premier Padel Tournament according to the position they occupy in the Alternate List at the time the withdrawal occurs. The pairs in positions one (1) to three (3) shall acquire the same commitments as the rest of the players who make up the Acceptance List to the Qualification Draw in the event that they access the Qualification Phase. Any pair may withdraw from the Alternate List without penalty provided they have not entered the Qualification Phase being among the first three (3) positions of the Alternate List.

Once the qualification draw has taken place, in case of withdrawal, pairs contained in the Alternate List may only enter by them signing On Site thirty (30) minutes before the start of the first match of the day.

- (B) **Qualification Draw List (“Qualification Draw List”)** – composed of all those pairs that have been removed from the Main Draw List due to their position in the Ranking on the closing date for registration. This listing shall be updated every Monday along with the weekly Ranking update. The Monday before the start of the Qualification Phase, after the last update, the position of each pair in the Qualification Draw List shall be made official.

In the event of any withdrawal in the Main Draw List up to one (1) hour before, local time, the draw for the Qualification Draw, the pairs on the Qualification Draw List shall be given entry to the Main Draw List according to their position on the Qualification Draw List at the time the withdrawal occurs.

- (C) **Main Draw List (the “Main Draw List”)**: composed of all those pairs that have been accepted in the Main Draw due to their position in the Ranking. This listing shall be updated every Monday along with the weekly Ranking update. On the Monday prior to the start of the qualification phase, after the last update, the position of each pair in the Main Draw List shall be made official.

The “status” positions of all pairs in the various lists that compose the Acceptance List (Main Draw List, Qualifying Draw List, and Alternate List) will be determined exclusively based on the Ranking in effect on the closing date for registration for the corresponding Premier Padel Tournament.

After registration closes, these lists will be updated every Monday along with the weekly update of the Ranking. These updates will not change the status acquired by each pair, but only the positions reflected in each list, with the priority of entry established at the close of registration remaining unchanged.

### 2.2.3 Acceptance procedure in the event of a tie

If the Ranking classifications of two (2) or more pairs are tied at the time of acceptance of the Premier Padel Tournament, then the following criteria shall always be applied in order:

- (A) the pair containing the player with the highest Ranking is placed ahead.
- (B) if the tie continues, a random draw shall be made, in the manner indicated by the FIP.
- (C) in the event that several pairs do not have FIP points, a draw shall be made among all of them, as indicated by the FIP, which may be, among others, a

coin toss, raffle system (face to face or online) or any other that the FIP considers appropriate.

#### **2.2.4 Distribution of the Acceptance List**

The Premier Padel Tournament Acceptance List shall be distributed to Premier Padel Tournaments directors upon availability and posted on FIP websites.

#### **2.2.5 Tournament status**

Tournament status shall be available to players on the FIP website or through the supervisor.

#### **2.2.6 Administrative Error in Acceptance List**

Players have the right, within the first twenty-four (24) hours after publication of the Acceptance List, to file a complaint if they are not included in the Acceptance List, or if they detect any errors in their registration data.

Once twenty-four (24) hours have elapsed since the initial publication of the Acceptance List, no further changes shall be considered or permitted and a new version of the Acceptance List, including corrections to clerical errors that may have occurred, shall be published.

##### **(A) Omitted Player**

If an administrative error has been made on an Acceptance List that results in a player's omission from that Acceptance List, the pair shall be located as appropriate in the corresponding section of the Acceptance List (main draw and/or qualification).

##### **(B) Acceptance of Too Many Players**

In the event that the Acceptance List provides for more players than necessary to cover the seats available for the corresponding Premier Padel Tournament, the Acceptance List shall be adjusted according to the Ranking on the registration deadline for the corresponding Premier Padel Tournament and with the characteristics of places according to the type of Premier Padel Tournament in question.

## 2.3 WILD CARDS

### 2.3.1 Definition

“**Wild Cards**” are those pairs selected by the Premier Padel Tournament to occupy the slots designated as such in the draw. The Wild Card request must be made by the pair and always within the maximum period reported on the corresponding Premier Padel Tournament card.

All nominations regarding player eligibility must be approved by the FIP under the Age Eligibility Rule and the Integrity Rules, and other limitations of applicable regulations. Wild Cards shall not be official until approved by the FIP.

#### (A) Assignment timelines

Local Organizers are required to submit to the FIP for approval all of the Wild Cards they have chosen for the Main Draw List and the Qualification Draw List on the Monday prior to the week of the start of the Main Draw. Unless otherwise approved by the FIP. The Director of the Premier Padel Tournament must inform the FIP and Supervisor in writing of Wild Card nominations.

If one of the Wild Card pairs after the assignment deadline falls into the Main Draw List or Qualification Draw List on merit, the Premier Padel Tournament Director may replace with another previously named or new pair until the Qualification Phase draw is conducted. For injury reasons, Local Organizers may change pairs chosen as Wild Card until 11:59 p.m. local Premier Padel Tournament time the day before the Qualification Phase draw.

#### (B) Wild Card Acceptance Confirmation

##### (i) Premier Padel Tournament Responsibilities

Prior to communicating Wild Cards to the FIP or Supervisor, the Premier Padel Tournament Director must have written confirmation (email being sufficient) from the pair that they shall accept the Wild Card.

##### (ii) Responsibilities of the Pair

The pair must confirm in writing (email being sufficient) to the Director of the Premier Padel Tournament that they shall accept a

Wild Card. If requested, the pair must also notify the Supervisor in writing (email being sufficient) of acceptance of the Wild Card.

If the pair accepts a Wild Card and subsequently withdraws before playing their first match, they shall be subject to a Late Withdrawal fine.

Local Organizers or any of their representatives, officials, workers, etc. may not receive any compensation, nor may players offer any compensation, in exchange for a Wild Card in any of the Premier Padel Tournaments.

(iii) Below is the number of Wild Card based on the type of Premier Padel Tournament:

Premier Padel Tournament Type		Wild Card Main Draw	Wild Card Qualifying Draw
MAJOR	Female	2	1
P1	Female	1	1
P2	Female	1	-

### 2.3.2 Player restrictions

A player may not receive more than one (1) Wild Card in the same week as the Official Calendar.

### 2.3.3 Exceptions

The following provisions apply to Wild Cards:

- (A) Any player who is serving a suspension imposed by the FIP may not receive a Wild Card until the suspension has been served.
- (B) Under the Anti-Doping Program, sanctioned players may not receive a Wild Card until they have satisfied the requirements for anti-doping testing.

### 2.3.4 Withdrawals

#### (A) Main Draw

If one of the Wild Card pairs or players withdraws from the Premier Padel Tournament after the assignment deadline, the Premier Padel Tournament Director may replace them with another pair until 11:59 p.m. local Premier Padel Tournament time on the day before the Qualification Phase draw. That pair may not include players who are already registered with other partners and are part of the Qualification Draw List or the Main Draw List.

If the Premier Padel Tournament does not name another Wild Card by 11:59 p.m. local Premier Padel Tournament time the day before the Qualification Phase draw, the Acceptance List shall be updated by entering the next pair in the Qualification Draw List.

#### (B) Qualification Draw

If one of the Wild Card pairs or players on the Qualification Draw List withdraws from the tournament after the allocation deadline, the Premier Padel Tournament Director may replace it with a new pair until 11:59 p.m. local Premier Padel Tournament time on the day prior to the Qualification Phase draw.

If the tournament does not name another Wild Card by 11:59 p.m. local Premier Padel Tournament time on the day before the Qualification Phase draw, the list shall be updated and the next pair on the waiting list shall be added to the list.

### 2.3.5 Additional Wild Cards

In Premier Padel Tournaments where the Qualification Phase or Main Draw is not complete, vacant slots may be filled with additional Wild Cards (“**Additional Wild Cards**”). These Additional Wild Cards must not have a Ranking position that would allow them to be on the Main Draw List in the corresponding Premier Padel Tournament and must have the same nationality as the country of the Host City.

To award additional Wild Cards, the Premier Padel Tournament Director must:

- (A) Submit an application to the National Federation of the Host City country and to the FIP with the pairs selected as Additional Wild Cards.
- (B) The deadlines for submitting said request will be as follows:
  - (i) For the Qualification Phase, from the close of registration until one week before the draw for the Qualification Phase;
  - (ii) For the Main Draw in tournaments without a Qualification Phase, from the closing of registrations to one week before the draw for the Main Draw.

### 3. DEREGISTRATIONS AND WITHDRAWALS

#### 3.1 DEREGISTRATIONS

Players may withdraw a maximum of one (1) tournament per year for any reason without penalty prior to the **“Withdrawal Deadline 1”** which shall be on Wednesday at 5:00 p.m. CET, two (2) weeks prior to the Premier Padel Tournament week. After Withdrawal Deadline 1, players who withdraw without medical justification or other circumstance beyond their control approved by the FIP shall be subject to penalties under the players code of conduct and shall, in principle, be a breach of their sporting obligations

Players may withdraw a maximum of one (1) tournament per year with the FIP-approved medical proof without penalty prior to the **“Withdrawal Deadline 2”** which shall be two (2) days prior to the 5:00 p.m. Qualification Phase draw. From this moment on, any withdrawal must be done On Site. Withdrawal Deadline 1 and Withdrawal Deadline 2, shall be jointly referred to in these Regulations as the **“Withdrawal Deadline”**.

No player who has withdrawn from a Premier Padel Tournament prior to the Withdrawal Deadline 2 or On Site shall be allowed to play any FIP Tour tournament that week.

Players may not change partners after the registration deadline, except as follows:

#### **Lucky Loser Individual**

In the event that a player on the Qualification List or Main Draw List withdraws after the registration deadline and only due to an injury or other circumstance beyond the player’s control and approved by the FIP, the non-withdrawing player may participate in the event under the following conditions:

#### **(A) Deadlines**

The non-withdrawing player must confirm, within twenty-four (24) hours of their partner’s withdrawal, their intention to use the Lucky Loser Individual.

The non-withdrawing player who has confirmed their intention to search for a new partner shall have a period of forty-eight (48) hours to submit a new registration with a player who is on the waiting list or with the partner of another withdrawn partner, provided that this second non-withdrawn player has also expressed their intention to search for a new partner.

The aforementioned deadlines may in no event be later than 11:59 p.m. CET two (2) days prior to the drawing of the Qualification Phase (the “**Lucky Loser Individual Deadline**”).

**(B)** Procedure

The status of the new pair shall be the result of the sum of the score of both players in the Ranking.

If a Main Draw player, upon choosing a partner, the sum of their points would cause their status to be on the Qualification List, that pair would lose their slot on the Main Draw List and would be included on the Qualification List. Whenever this procedure occurs, the Premier Padel Tournament lists shall be updated.

In no case may a pair that is on the Alternate List at the close of the registration period make use of this rule, even if they have subsequently accessed the Qualification List after an update of the list.

In the event that the partner is chosen from the waitlist, the partner of the selected player must submit the withdrawal consent form.

Once the new pair has been created, it shall no longer be possible to change partners again.

When a pair confirms their participation as a Lucky Loser Individual, they are committed to participating in the Premier Padel Tournament. In the event that they subsequently withdraw:

- (i) If the deadlines allow another pair to be created, the withdrawing pair shall be fined €200.
- (ii) If the deadlines do not allow another pair to be created, the withdrawing pair shall be fined €500.
- (iii) The Alternate List pair who enters the Qualification List due to a withdrawal shall not be able to make use of the Lucky Loser Individual. In the event of a withdrawal, it shall be replaced with the following pair from the Alternate List.

Any withdrawal in the Main Draw after the qualification draw shall be replaced by a Lucky Loser.

### 3.1.1 Requirements for all withdrawals

**(A)** Player responsibility

Withdrawals shall only be accepted at the request of the appropriate player. For the purposes of clarity, withdrawals requested by any coach, designated agent or member of the Player Support Team shall not be accepted. The player is ultimately responsible for all of their registrations and withdrawals in Premier Padel Tournaments.

**(B)** Sending of the withdrawal

A player's withdrawal from a Premier Padel Tournament shall be effective only if:

- (iii) Any player who publicly announces their withdrawal from a Premier Padel Tournament prior to submitting their official withdrawal in accordance with this Section shall be fined for Dishonorable or Unprofessional Conduct under the Code of Conduct.

**(D) Responsibility of the FIP**

Except as otherwise provided in these Regulations, the FIP shall not remove a player from any Acceptance List unless it has received notice of their withdrawal in accordance with this Section. Nor shall it automatically withdraw a player from any Premier Padel Tournament for registration to an FIP Tour tournament during that same week or the following week.

**3.1.2 Additional requirements for On Site withdrawals**

- (A) In addition to the above withdrawal requirements, if a player withdraws On Site, they must:
  - (i) Meet with the Premier Padel Tournament medical team for an assessment of injury or illness prior to leaving the Host City of the Premier Padel Tournament;
  - (ii) Within twenty-four (24) hours, at the discretion of Premier Padel Tournament medical team, participate in one (1) post-withdrawal activity not to exceed one (1) hour, which may include the following activity or any similar activity requested by Premier Padel or Premier Padel Tournament:
    - (a) Sponsor visit;
    - (b) Autograph session;
    - (c) Meet and greet;
    - (d) Content feature; or
    - (e) Clinics.

**(B) Penalties**

- (ii) If a player withdrew under a Late Withdrawal, the applicable Late Withdrawal fine shall be imposed, plus the applicable fine below.

**(A) Definition**

A Main Draw withdrawal is a Late Withdrawal if a player withdraws after the Withdrawal Deadline.

**(B) Fines**

**(i) Procedures**

- (a)** Unless otherwise noted below, all players shall receive automatic fines for Late Withdrawals from the Main Draw of a Premier Padel Tournament.

(b) All fines for Late Withdrawal from the Main Draw and Absence shall be withheld by the FIP.

(ii) Quantities

The amount of a player's automatic fine for Late Withdrawal from the Main Draw is based on the following table:

FIP Ranking at registration deadline	MAJOR	P1	P2
1-10	€2,500	€1,500	€1,000
11-25	€1,800	€1,000	€700
26-50	€1,200	€800	€500
51-100	€800	€600	€400

Fines are doubled with each subsequent violation in a Premier Padel Tournament category.

(iii) No show

A player who enters and is accepted on the Main Draw List of a Premier Padel Tournament, does not withdraw and does not attend their first match commits a no-show violation. The automatic fine for a no-show violation is double the applicable Late Withdrawal fine.

### 3.1.4 Late Withdrawals from Qualification

(A) Definition

A qualifying withdrawal is a Late Withdrawal if a player withdraws after the Withdrawal Deadline.

(B) Fines

(i) Procedures

Alternate List players occupying positions one (1) through three (3) who expect to enter the Qualification List and who are accepted onto the Qualification List at any time up to 11:59 p.m. local time on the day prior to the Qualification draw, are required to play in the Premier Padel Tournament and are therefore subject to the same registration procedure and fines for no-show violations.

(ii) Quantities

The automatic late withdrawal fine for a player is €400 in MAJOR or P1 Category Tournaments and €250 in P2 Category Tournaments.

(iii) No show

A player who enters and is accepted on the Premier Padel Tournament Qualification List, does not withdraw, and does not attend their first match commits a no-show violation. The automatic fine for a first no-show violation is €800; which is doubled for each subsequent violation committed in the corresponding Tour Year (e.g., €800 for the first, €1,600 for the second, €3,200 for the third and so on).

### 3.1.5 Justified withdrawals

(A) Definition

Subject to the procedures and restrictions in Subsection (B) below, not more than once (1) per Tour season, may a player withdraw from competition in a Premier Padel Tournament without incurring a Late Withdrawal fine (“**Justified Withdrawal**”) provided that the FIP receives their official withdrawal and medical certificate prior to the Withdrawal Deadline 2.

(B) Procedures and Restrictions

The following procedures and restrictions apply to Subsection (A) above:

- (i) A player must make every effort to withdraw under a Justified Withdrawal prior to the Withdrawal Deadline 2. If a Justified Withdrawal exceeds the Withdrawal Deadline 2, the FIP may, at its sole discretion, impose a Late Withdrawal fine if the player does not withdraw On Site. If the FIP imposes a Late Withdrawal fine, the withdrawal shall not count as a Justified Withdrawal.

- (ii) No player may use a Justified Withdrawal for the Premier Padel Finals.

**(C) On Site Withdrawal**

A player who has fulfilled all withdrawal quota prior to the Withdrawal Deadline, to avoid being penalized, must attend the Premier Padel Tournament and withdraw On Site after having a check-up with the Premier Padel Tournament medical team and attend to each and every one of their responsibilities with Premier Padel. The Prize Money Withdrawal rule may also be invoked.

### 3.1.6 Prize Money Withdrawal

**(A) Definition**

Subject to the procedures and restrictions in Subsection (B) below, if a Direct Acceptance player or a Special Exempt player who has been placed on the Main Draw List of a Premier Padel Tournament with a Qualification Draw is On Site and withdraws from the Premier Padel Tournament after the Qualification Phase draw, but prior to their first Main Draw match, then:

- (i) at the time of their withdrawal, they may choose to receive 50% (fifty percent) of the first round Prize Money Withdrawal prize money) and, if they do so, then

## 4. TOURNAMENTS, DRAWS AND ORDER OF PLAY

### 4.1 TOURNAMENT CATEGORIES AND STRUCTURE

The Tour shall include a minimum of fifteen (15) Premier Padel Tournaments and it is intended that the number of Premier Padel Tournaments shall not be less than 24 (twenty-four), with the understanding that the number of Premier Padel Tournaments shall be a decision made by Premier Padel.

Premier Padel Tournaments shall be divided into three (3) different categories: MAJOR (“**MAJOR**”), P1 Tournaments (“**P1 Tournaments**”) and P2 Tournaments (“**P2 Tournaments**”), and in addition to these three types, there are also Tour Finals. The estimated number of Premier Padel Tournaments by category (excluding the Tour Finals) shall be as follows, with the understanding that this number is subject to new modifications during each season of the Tour for organizational reasons and that the final decision on each number shall be at the discretion of Premier Padel:

- (A) MAJOR Category: 4
- (B) Category P1 Tournaments: 10
- (C) Category P2 Tournaments: 11

Depending on each calendar season, in addition to the Premier Padel Tournaments described in the preceding paragraph, the Tour may include the following additional events (that is, the “**Additional Championship Events**”):

- (A) Padel Nations World Cup, to be played every two (2) years.

Premier Padel Tournament draw size, point distribution and prize money are determined by Premier Padel Tournament category as detailed in the following sections.

## 4.2 DRAWS

### 4.2.1 Composition

#### (A) Main Draw

The main draw (the “**Main Draw**”) shall consist of some or all of the following:

##### (i) Direct acceptance

See Section 2.2.1 – Direct Acceptance.

##### (ii) Qualifiers

A pair who has won all matches in all rounds of the Qualification Phase and accesses the Main Draw shall be referred to as “**Qualified.**”

Once the Qualification Phase is completed, the Qualifiers shall be drawn among the assigned positions in the Main Draw to determine which Qualifier occupies each of the positions.

Below is the number of Qualifiers by Premier Padel Tournament Type:

Premier Padel Tournament Type		Main Draw	Qualifying Draw	Number of Qualifiers
<b>MAJOR</b>	Female	40	16	4
<b>P1</b>	Female	28	16/8	4
<b>P2</b>	Female	24	16/8	4

(iii) Wild Cards

See Section 2.3 – Wild Cards

(iv) Alternate

An “**Alternate**” is a pair that, by virtue of their ranking position, is placed outside of the direct acceptance positions of the qualification list.

A vacant slot that appears in the Qualification Draw shall be filled with the following alternate pair available in the Alternate list.

On the start day of the qualification, Alternates must register each day that there are possible Alternate slots and the deadline for registration shall be thirty (30) minutes prior to the scheduled start of the first match of the day and registration must be open at least one (1) hour prior to this deadline time. These times will be announced on the game order for the day.

In the event of inclement weather or other uncontrollable circumstances, which may result in a delay in the start of the first match of the day, the Premier Padel Tournament Supervisor has the authority, but not the obligation, to modify the Alternate registration deadline time.

The registration sheet will not be open from the previous day.

(v) Byes/Exempts

When the pairs in a draw are not a power of two, the “exempt” system will be applied to achieve that power in the second round. Those pairs who do not need to play the initial round of a Premier Padel Tournament are “**Exempt**”.

To find the number of Exempt, the total number of registered players is subtracted from the power of two immediately above the number of registrants.

First, number one seeded player; second Exempt, number two seeded player; third Exempt, number three seeded player and so on in descending order shall be Exempt.

If, once all the seeded players have been placed, there are still more Exempts, they shall be divided into two parts, placing half in the upper part of the Draw and the other half in the lower part, filling in the upper part with the highest free positions and in the lower part with the lowest ones, alternatively.

When these are odd, one more will be placed in the upper part.

(See Section 4.2.3.D - Number of Exempts in a Draw.)

(vi) Lucky Losers

“**Lucky Losers**” are pairs who, after having been eliminated (having lost or withdrawn in the match) in the Qualification Phase, are accepted in the Main Draw as a result of a Withdrawal or a pair’s absence in the first Main Draw match, provided such withdrawal is made one (1) hour prior to the Qualification Phase draw.

Lucky Losers will be selected based on the following criteria:

- (a) Round reached in the Qualification Phase;
- (b) pair’s position on the Premier Padel Tournament Acceptance List.

If there are no vacant slots in the Main Draw before the draw for the Main Draw has been conducted, the Lucky Loser shall be On Site and shall be determined by the aforementioned criteria.

If there is a vacant slot in the Main Draw before the Qualification Phase is completed, then all losers of the last round of the Qualification Phase shall be randomly drawn to qualify for that place.

A list will be established ordered according to the Lucky Loser draw so that in the event that pair one (1) does not accept said spot, the following pairs can be notified according to the order of the draw.

If before the end of the Qualifying Phase the number of spots open in the Main Draw is greater than the number of pairs who will lose in the final round of the Qualifying Phase, the top-ranked Lucky

Loser(s) from the previous ranking round(s) will enter into the random draw to cover the remaining spot(s).

If two or more pairs do not have points in the Ranking, they shall be randomly drawn to determine their ranking order.

If a spot becomes available once the spots of the Qualifiers in the Main Draw are circumvented, the Lucky Loser will be signed "On Site" following the criteria mentioned above.

When two or more spots are available at the same time, the spots to be filled for each Lucky Loser will be determined by a draw.

In all such cases, the Supervisor is responsible for notifying the players who are in the draw.

The Lucky Losers must register each day there are potential slots for Lucky Losers and the registration deadline shall be thirty (30) minutes prior to the scheduled start of the first match of the day and the registration must be open at least one (1) hour prior to this deadline. These times will be announced on the game order for the day.

In the event of inclement weather or other uncontrollable circumstances, which may result in a delay in the start of the first match of the day, the Tournament Supervisor has the authority, but not the obligation, to modify the Lucky Loser registration deadline.

The registration sheet will not be open from the previous day.

**(a)** Eligibility

A player who is not registered and has not competed in the Qualification Phase cannot be considered for Lucky Loser.

A player who has been removed from the Qualification Phase may retain their right to be considered for Lucky Loser for the duration of the Premier Padel Tournament, provided that:

- (1)** They register with the Supervisor before the Lucky Loser cut-off time;

- (2) If they withdraw, they undergo a medical examination from the Premier Padel Tournament Physician and the PHCP; and
- (3) The Main Draw match is not scheduled for the same day they withdrew from their Qualification Phase match.

(b) Procedure

- (1) All Lucky Losers are subject to first round prize deductions due to Prize Money Withdrawals in accordance with Section 8.1.1.A.i(b).
- (2) Lucky Loser positions in the Main Draw shall not be posted until the Qualification Phase is completed.
- (3) If there are withdrawals from the Main Draw after the Qualification Phase has begun and before the Qualifiers have been drawn into the Main Draw, the Qualifiers and Lucky Losers shall be drawn together to determine their positions in the Main Draw.
- (4) In the Premier Padel Tournaments where the final round of the Qualifying Stage and the first round of the Main Draw are played on the same day and there is a withdrawal in the Main Draw matches scheduled for that day in which both rounds coincide, the positions of the Qualifiers and Lucky Losers shall be determined as follows:
  - If there is a withdrawal, the place that should be played that day will be filled by a Lucky Loser, and all Qualifiers will be drawn by lot for the qualifying places.
  - If there are two or more withdrawals, the places needed to play that day will be drawn among the Lucky Losers. All Qualifiers and remaining Lucky Losers will be drawn to fill the remaining places in the Main Draw.

- (5) When the last round of the Qualification Phase and the first round of the Main Draw are played on the same day, Lucky Losers must register no later than thirty (30) minutes after the conclusion of the last match of the Qualification Phase.
- (6) The first Lucky Loser or alternate must be ready to play a match within fifteen (15) minutes of the original withdrawal or absence. If the first Lucky Loser On Site is not ready to play within fifteen (15) minutes, the next Lucky Loser On Site must be ready to play within five (5) minutes of the time their match is called. Any subsequent On-Site Lucky Loser must be ready to play within five (5) minutes of the time their match is canceled. If a Lucky Loser decides not to register one (1) day, they can still register the following day. However, if they register, their match is canceled and they do not show up for the game (for any reason), they shall lose their Lucky Loser status for the duration of the corresponding Premier Padel Tournament.
- (7) If a player withdraws from their Qualification Phase match on the same day that there is an open Lucky Loser position in the order of play, they relinquish their Lucky Loser status for that day.

(vii) Special Exempt

When in two Premier Padel Tournaments the final rounds of the first one coincide with the Qualification Phase of the second one, two (2) Special Exempt positions shall be reserved. A "Special Exempt" is a slot on the Main Draw reserved for pairs who cannot compete in the Qualification Phase of a Premier Padel Tournament where they have been accepted on the Qualification List ("**Special Exempt Tournament**") because they are still competing in another Premier Padel Tournament.

(a) Application Process

Players must confirm with the Supervisor of the Premier Padel Tournament where they are competing whether or not they accept the Special Exempt.

A player who is still competing on the day their participation in the Special Exempt Tournament Qualification Phase would begin shall only be eligible to receive a Special Exempt if:

- (1) The Special Exempt Tournament is a Premier Padel or FIP Platinum Tournament;
- (2) their match is rescheduled due to weather or other unforeseen circumstances.

Matches scheduled and played on the start day of the Qualification Phase that end after midnight shall not be considered played on the first day of the Qualification Phase and shall not make a player eligible for a Special Exempt slot.

**(b)** Selection Process

If more than two (2) pairs are eligible for the Special Exempt place, selection shall be based on the Pair Ranking in the last update of the Premier Padel Tournament Acceptance List being discussed.

Once the pair is selected for a Special Exempt slot, they are committed to the Special Exempt Tournament and are subject to all Late Withdrawal rules and penalties.

**(c)** Draw Procedures

If prior to the registration deadline for the Main Draw of a Premier Padel Tournament, it is established that there shall be no Special Exempt slots due to the lack of qualified players in the previous week, the reserved slot shall be filled with Direct Acceptance from the original Acceptance List.

**(B)** Qualification Phase Draw

Any subsequent On-Site Alternate must be ready to play within five (5) minutes of the time their match is called.

## 4.3 SCHEDULE AND ORDER OF PLAY

### 4.3.1 Responsibility of the FIP

Preferably the halves of the draws should be scheduled together or, alternatively, each of the sections together to give similar conditions and rest times to both pairs involved.

The order of play (the “**Order of Play**”) for the following day shall be issued by the Supervisor or the Premier Padel Tournament Referee following the decisions made by the Scheduling Committee, and shall be issued no later than 8:00 p.m. local Host City time the previous day (except for duly approved or authorized special situations).

It is recommended not to start any match after midnight, so the Premier Padel Tournament Supervisor may move some games to other courts, taking into account all the implications of such change and always taking as priority the best for the Premier Padel Tournament, spectators and broadcasting, as well as the conditions for players.

The Order of Play shall include all relevant registration information and shall also indicate that any match on any court can be rescheduled.

Every effort shall be made to have players who participate in the last rounds of another Premier Padel or FIP Tour Tournament during the previous week begin their participation as late as possible.

Players are, however, responsible for arriving in time at a Premier Padel Tournament Venue from the location of the previous Premier Padel or FIP Tour Tournament.

The Supervisor, in consultation with the Director of the Premier Padel Tournament, the Referee and the FIP Sports Department, is responsible for scheduling matches. All schedule requests must go through the Supervisor. When a decision cannot be reached, the Premier Padel Tournament Supervisor shall make the final decision.

The Premier Padel Tournament Supervisor has the authority to modify the published Order of Play, if necessary, provided that all affected parties are notified of the modifications in an appropriate and timely manner.

The scheduling of the matches will take into account relevant factors, including television contracts, the possibility and timing of the matches the following day, the actual time of the start of the matches and other relevant factors.

#### **4.3.2 Player obligations**

- (A) It is the players' obligation to play as scheduled. Players may be asked to play any day of a Premier Padel Tournament.
- (B) Players are personally responsible for knowing and ascertaining the time they play according to the Order of Play. Information received from anyone other than the Premier Padel Tournament Supervisor shall not be honored or considered in the event of a dispute related to the Order of Play.
- (C) When the weather or other exceptional or unavoidable circumstances cause a disruption to the calendar, a pair may not be expected to play more than two (2) matches in a day without their consent.
- (D) All players in the semifinals and finals are required to complete the official signature registration, either in person at the tournament or through the authorized digital platform, at least one (1) hour before the scheduled time of their matches.

#### **4.3.3 Player schedule requests**

Commitments from previous tournaments or illnesses/injuries are the main considerations when granting time requests. If a request is due to illness/injury, the player must be assessed by the Tour's Medical Team. No request made guarantees that a player shall start later.

#### **4.3.4 Television**

When a Premier Padel Tournament is televised, television commitments shall be taken into account in the schedule.

#### **4.3.5 Tournament first qualifying round not postponed**

No Premier Padel Tournament Qualification Phase match shall be postponed for a player who is still participating in the previous week's Premier Padel Tournament.

#### 4.3.6 Rescheduling of matches

- (A) Under extenuating circumstances, a match may be rescheduled at the discretion of the FIP Supervisor or Sports Department in consultation with the Director of the Premier Padel Tournament.
- (B) Matches may not be rescheduled due to illness, injury or lost equipment.
- (C) A player, who personally and directly notifies the Supervisor or Referee sufficiently in advance in the opinion of the Supervisor or Referee, may, at the discretion of the latter, obtain a fifteen (15) minute extension following their match being called and not be subject to violations and penalties.

#### 4.3.7 Rescheduling of finals

- (A) Date Extension

If, due to extreme weather conditions or extraordinary circumstances, a Premier Padel Tournament cannot be completed on the last day as scheduled, the Premier Padel Tournament shall be extended for one (1) day to complete the event unless the Premier Padel Tournament, FIP and Premier Padel agree to conclude the Premier Padel Tournament on the day the final was originally scheduled to be played. The event must be extended, even if only one (1) entity wants to play the final. No additional extension will be permitted without FIP approval.

- (B) Penalties for players who do not play the postponed final.

An additional fine of up to €50,000 shall be imposed on any player who does not play a postponed final the day following the last originally scheduled day of the Premier Padel Tournament in question. All of these fines will be automatic and unappealable.

- (C) Alternate Venue

When a Premier Padel Tournament cannot be completed outdoors and there is an appropriate covered facility, the Premier Padel Tournament must be played until its completion. If the Premier Padel Tournament game is interrupted or postponed, players must play the day following the last day of the Premier Padel Tournament originally scheduled in accordance with Subsection (A) above.

Any final decision on scheduling shall be made by the Supervisor who has the authority (in consultation with the Director of the Premier Padel Tournament and the FIP) to move a match to another court, indoors or outdoors.

If an alternative venue is used for the provision of additional training facilities, or as an alternative venue for matches in the event of extreme weather conditions or extraordinary circumstances, they must:

- (i) The alternate venue must be located within a reasonable distance of the Venue.
- (ii) An adequate number of vehicles must be provided to ensure that players are able to move between venues to meet the requirements of their matches and training.
- (iii) If the courts at the alternate venue are to be used for matches, they must provide all necessary equipment for the referees and players, and must provide office space and basic facilities for the Supervisor, referees, among others, as needed.
- (iv) The manufacturer, model and condition of alternative courts must be communicated to the FIP no later than thirty (30) days prior to the start of the Premier Padel Tournament and must be inspected by Premier Padel for approval and its decision on suitability shall be final and not subject to appeal.
- (v) Where courts are used at an alternate venue for matches in the event of unforeseeable causes, it is not mandatory to provide live results or broadcast coverage; however, all existing brands unrelated to the Premier Padel Tournament or Tour must be removed.

If the alternate venue is planned to be used for training purposes, the courts must be free of markings representing sponsors or brands unrelated to the Premier Padel Tournament or Tour, unless otherwise approved by Premier Padel at its sole discretion.

#### **4.3.8 Change of Court**

If it is deemed necessary to move a match, the Supervisor, in consultation with the Premier Padel Tournament Director and the FIP, has the authority to delay the start of the match or move a match to another court, indoors or outdoors.

The Referee, in consultation with the Supervisor, may decide whether a match will be moved to another court if circumstances so require.

During the course of a match, if conditions or circumstances require, the Supervisor or Referee may require players to move to another court.

#### **4.3.9 Climate Conditions**

The Referee, in consultation with the Supervisor, will decide when the match will stop in view of weather conditions or extraordinary circumstances. (See Section 12.18 - Extreme Weather).

#### **4.3.10 Stadiums with retractable ceilings**

See Appendix B. Roof Policy.

#### **4.3.11 Time between matches**

When it is necessary to schedule more than one match on the same day for the same pair, the Supervisor or Referee shall grant a minimum rest period to the players concerned based on the duration of the match they have just completed, unless both pairs agree.

- (A) If the previous match has lasted less than one (1) hour: one (1) hour of rest.
- (B) If the previous match has lasted between one (1) hour and one (1) hour and thirty (30) minutes: one (1) hour and thirty (30) minutes of rest.
- (C) If the previous match has lasted more than one (1) hour and thirty (30) minutes: two (2) hours of rest.

#### **4.3.12 Interruptions and rest**

- (A) Suspension and postponement of the match

The Chair Umpire has the authority to temporarily suspend play when they deem the conditions unsuitable or unsafe for continued play, and must immediately notify the Supervisor of the Premier Padel Tournament.

The Supervisor shall decide whether the match is postponed for another time of the same day or for a later day.

Until such a decision is made, all parties involved in the match must remain ready to resume the match.

The Chair Umpire is responsible for collecting the match balls and storing them safely, as well as recording all aspects of the match such as score, serve, side of each pair, among others.

When play is temporarily suspended, but is expected to resume shortly, players may be asked to remain on the court at the players' benches, pending further instructions from the Supervisor.

Once it is determined that the suspension duration is longer than is appropriate and reasonable to keep the players on the court, the Supervisor shall inform the players that they may leave the court and shall inform them later of the expected time of resumption and/or postponement.

Every effort should be made to keep the public, the press, and all other parties aware of the situation and expected resumption of the match or expected subsequent announcements.

## **(B)** Interruptions

If the Premier Padel Tournament game is interrupted or postponed, players must be prepared to play when the match resumes. If a match must be suspended for reasons beyond the control of the players (rain, lack of light, accident, etc.) when the match is restarted, the pairs shall be entitled to a warm up rally as follows.

- (i)** A suspension lasting less than five (5) minutes will result in resumption of play with no additional rally period.
- (ii)** A suspension lasting between five (5) and twenty (20) minutes will result in an allowable one (1) minute rally period. The Chair Umpire shall use similarly worn balls during this warm up rally and once the time is complete, the Chair Umpire shall remove the balls used for the warm up rally and bring the balls from the match back. Before resuming the match, the Chair Umpire shall announce the result at

the time of the suspension, announce the player who is about to serve, and then announce the score.

- (iii) A suspension lasting more than twenty (20) minutes will result in an allowable three (3) minutes rally period. The Chair Umpire shall use similarly worn balls during this warm up rally and once the time is complete, the Chair Umpire shall remove the balls used for the warm up rally and bring the balls from the match back.

After the match resumes, a new suspension may occur one or more times thereafter, and the same procedures listed above will apply during each suspension.

**(C) Authorized breaks**

**(i) Side changes**

In the side change, a maximum of ninety (90) seconds will elapse from the time the last point of the match ends to the time the first serve is made for the next match. If such first serve is a fault, the second serve must be made by the server without delay.

However, after the first game of each set and during the tie break, play shall be continuous and the players shall switch sides without a rest period.

**(ii) End of a Set**

At the end of each set, regardless of the result, there shall be a one hundred twenty (120) second break from the time the last point of the game ends to first service in the next game. If a set ends after an even number of matches, there will be no side change until after the first game of the following set.

**(iii) Televised matches**

During televised matches, the Chair Umpire may reasonably extend the time during side changes with rest if requested by the broadcast production team. In no case shall players enter the court before the Chair Umpire indicates for them to do so.

## 6. PLAYER RESPONSIBILITY AND COURT PROCEDURE

### 6.1 CLOTHING AND EQUIPMENT

#### 6.1.1 Definitions

(A) Identification

The term 'identification' refers to any logo, brand name, name, symbol, initial or graphic element appearing on a player's clothing or equipment, regardless of whether or not it is registered as a commercial brand.

Identifications may relate to the **manufacturer**, the **player** or a **personal sponsor**.

(B) Manufacturer

This is the company that produces the sportswear or equipment used by the player.

The manufacturer may only appear on the equipment through its standard branding, understood to be the logo that forms part of the product's original design.

(C) Personal Sponsor

A personal sponsor is defined as any company or organisation that is not the manufacturer of the clothing or sports equipment used by the player and that has an individual agreement with that player for the inclusion of its logo in the authorised advertising spaces on their equipment during Premier Padel Tournaments.

(D) Player ID

The term 'player ID' refers to a player's name, initials, logo or other identifier used exclusively on their kit. This identification must be placed only in the position designated as 'PLAYER'S NAME'.

(E) Size determination

The size limitations of the identifications in this section are determined by the area of the actual patch or other addition to a player's clothing without regard to the color of the patch. To determine the area, depending on the shape of the patch or other addition, a circle, triangle or rectangle will be drawn around it, and the size of the patch for the purposes of this rule will be the area within the circle circumference or perimeter of the triangle or rectangle as the case may be.

### 6.1.2 General appearance

Players have the right to wear their own apparel, including a sports cap, in all Premier Padel Tournaments (the “**Apparel**”). By way of illustration and not limitation, the Apparel shall include the competition Padel rackets and all clothing necessary to play Padel.

A player must present themselves in a professional manner and wear appropriate Apparel, at the discretion of the Supervisor or Referee, during practice, warm-up, matches, all activities of the Premier Padel Tournament, including media interviews and official or promotional activities, among others. A player may be asked to change their clothes if the Supervisor or Referee deems it necessary, in the event of non-compliance by the player, this fact constitutes a violation and therefore may entail the corresponding penalty.

Playing with rings or other objects that may be cause for injury is strictly prohibited for the safety of the players. The Chair Umpire may request the players to dispose of such objects for the matches.

From the start of the pre-match meeting to the award ceremony, a player's Apparel must comply with the appearance and identification provisions contained in this Section 6.1.2.

Both players in a pair must compete with Apparel of the same color. In the event that both pairs appear at the court with the same color Apparel, the pair with the lowest Ranking must change to a different color.

Players who violate this provision must change Apparel immediately to comply with it, and refusal to do so shall constitute a violation and may therefore result in the corresponding penalty.

The players' Apparel may not contain commercial advertising that may violate the applicable regulations on this matter in the city where the Premier Padel Tournament is held.

The players' Apparel may not contain any logos announcing another Padel circuit, tournament, series or exhibition unless otherwise approved by the FIP and Premier Padel.

The names of both players in the pair should be displayed using similar font and font size.

The FIP reserves the right to determine the type and size of font to display the names of players on their Apparel, and this decision shall be effective from the first Premier Padel Tournament of the season immediately following the announcement.

### 6.1.3 Clothing and Commercial Identifications

#### (A) General Issues

- (i) Apparel remains the property of the players at all times:
- (ii) Notwithstanding the foregoing, Premier Padel has the right to use one (1) space on the left or right chest of the players' jersey to display its own logo. This space may only be used by Premier in the sports jerseys of those players ranked in the top 100 at the beginning of each season and shall be maintained during that entire season. With respect to players ranked outside the top 100, each player shall make every effort to grant this space to Premier Padel;
- (iii) Each participating player grants Premier Padel a license to reproduce the Apparel, including the branding and any sponsor or third-party logos appearing thereon, for any advertising or promotional activity related to the Tour, including but not limited to broadcasts, Tour sponsors, video games, non-fungible tokens (also known as NFTs), among others;
- (iv) Each participating player undertakes that the Apparel shall at all times comply with the rules, regulations and sports orders issued by the FIP, any other competent sports authority (for example, the International Olympic Committee) or Premier Padel; and

Under no circumstances shall players' personal sponsors make use of players' images during their participation in Premier Padel Tournaments or associate players' images with any Tour materials or Tour images (or any similar items or symbols).

Premier Padel may refuse or compel a player not to maintain a relationship with certain personal sponsors if the activity of such sponsor contravenes

the spirit and basis of the relevant Premier Padel Tour or Tournament, provided that Premier Padel acts reasonably in making such a request and provides explanations to the player as to why a sponsor's activity would contravene the spirit of the relevant Premier Padel Tour or Tournament. By way of clarification, prohibited personal sponsors shall include companies engaged in the business of gambling, betting, alcoholic beverages and tobacco, with the understanding that promotional activities and related sponsorships of alcoholic beverage brands shall be allowed, solely and exclusively with non-alcoholic beverages. Moreover, a personal sponsor may not be appointed if its appointment contravenes the rules, regulations and sports orders issued by the FIP or any other competent sports authority (for example, the International Olympic Committee). Players shall at all times comply with all applicable national and international regulations with respect to their sponsorship commitments during their participation in the Tour and adapt them, as necessary, to such regulations.

**(B)** Number of commercial identifications

- (i) Players have the right to use for advertising purposes certain spaces of the Apparel used for their participation in the Premier Padel Tournaments (the “**Advertising Spaces**”).

To this end, players may display the personal sponsor logo of players at designated locations and in the specific size detailed in the Advertising Spaces shown in Appendix E.

For clarification purposes, players shall be entitled to a personal sponsor logo for each advertising space. Moreover, as mentioned above, Premier Padel has no right to make use of the remaining surface area on the Apparel that is not covered by the Advertising Spaces for Tour sponsors.

If a Player wears a sports cap while participating in any of the Premier Padel Tournaments, they have the right to place one (1) sponsor on the cap. In that case, the number of Advertising Spaces shown for the rest of the Apparel shall be reduced by one (1), in accordance with the display contained in Appendix E.

- (ii) Notwithstanding the above, players acknowledge that, in any event,
- (a) Players ranked in the top twenty (20) at the beginning of each relevant season shall not include more than five (5) personal sponsor logos in the Advertising Spaces during each Premier Padel Tournament and Additional Championship Event. Beginning in the 2028 season,

players in the top 20 Ranking positions at the beginning of each relevant season shall not include more than three (3) personal sponsor logos in the Advertising Spaces during each Premier Padel Tournament and Additional Championship Event; and

- (b)** From this date until the start of the 2031 season, players ranked outside the top twenty (20) at the beginning of each relevant season shall not include more than nine (9) personal player sponsor logos in the Advertising Spaces during each Premier Padel Tournament and Additional Championship Event. Beginning in the 2031 season, players ranked outside the top twenty (20) at the beginning of each relevant season shall not include more than three (3) personal sponsor logos in the Advertising Spaces during each Premier Padel Tournament and Additional Championship Event.
- (iii)** Any logo or element that the players insert in the Advertising Spaces and that is different from the main corporate logo, brand or company name of the personal sponsor of the players, must be previously approved in writing by Premier Padel, which may not unreasonably withhold or delay its consent.

The Players acknowledge that the rights regulated in this Section are subject to compliance with the FIP sports rules, as well as all reasonable instructions given by Premier Padel from time to time, in particular with respect to certain activities in the Premier Padel Tournaments, such as the opening ceremony, closing ceremony, award ceremony, etc.

**(C)** Dimensions of commercial identifications

See Appendix E.

**(D)** Fines

The automatic fine for a first violation of the dimensions of the commercial identifications is €300; which is doubled for each subsequent violation committed in the current Tour Year (e.g., €300 for the first violation, €600 for the second violation, €1,200 for the third violation and so on).

#### 6.1.4 Apparel and Identifications

**(A)** Padel racket

Standard branding from padel equipment manufacturers, the Premier Padel logo or the FIP logo are permitted on the racket.

**(B)** Bags, towels or other equipment

Standard branding from padel equipment manufacturers, the Premier Padel logo or the FIP logo are permitted.

Players may use a reasonably sized beverage container on the court if the beverage container:

- (i)** has no identifications; or
- (ii)** has one (1) manufacturer identification not to exceed twenty-six (26) cm<sup>2</sup>, provided that the container manufacturer:
  - (a)** is not a beverage manufacturer; or
  - (b)** is also a beverage manufacturer, and
    - (1)** is the official beverage sponsor of the Premier Padel Tournament; or
    - (2)** is not a competitor or in conflict with beverages advertised by the sponsors of the Premier Padel Tournament.

**(D)** Electronic devices

A player/coach may not use any electronic device from the start of the warm up rally until the end of the match (including during a bathroom/change of attire break, medical timeout, heat rule break or any break in play) unless approved by the Premier Padel Tournament Supervisor/Referee; with the understanding that the use of an electronic device is permitted while play is officially suspended. Use of any non-FIP approved electronic device and/or non-FIP approved player analytics technology is subject to the provisions

and penalties of the regulation in the Code of Conduct. If there is a conflict within these Regulations or other applicable regulations with respect to electronic devices and related use, the decisions of the Supervisor or the Referee shall prevail.

If any player must use an electronic device for health reasons to monitor themselves during the match, they must request approval from the Supervisor.

#### **6.1.5 Other events**

Notwithstanding any other provision to the contrary, identification by use of the name, emblem, logo, trademark, symbol or other description of any Padel circuit, series or exhibition, special event or Padel tournament other than competitions governed by the FIP may not appear on the player, their clothing or equipment at any Premier Padel Tournament, Premier Padel Finals, exhibition or promotional event, unless approved in advance by the FIP.

#### **6.1.6 Sanctioned Entities**

Players are prohibited from using or otherwise publicly displaying illegal or immoral identification on or off the court during a Premier Padel Tournament in which their registration has been accepted, whether on the Premier Padel Tournament site or not, or during any other event in which they participate.

#### **6.1.7 General**

If the use of any of the permitted identifications above conflicts with the sponsorship restrictions set forth in Section 6.1.2, the PACP or any governmental regulation (including with respect to television), then identification shall be prohibited.

#### **6.1.8 Penalties**

The Chair Umpire, Referee, or Supervisor may require any player who violates this section to change clothes or Apparel immediately. Failure to comply with the order may result in a fine and/or elimination from a Premier Padel Tournament.

A player who violates this Section 6.1 is subject to the following fines:

## 6.2 RESTROOM / CLOTHING CHANGE BREAKS

### 6.2.1 Number of “Authorized Breaks” allowed

- (B) If a player exceeds the time allowed, they shall be penalized for Code of Conduct violations.
- (C) Breaks taken beyond a player's Authorized Breaks taken at times other than those permitted for Authorized Breaks ("**Additional Breaks**") shall be permitted, but shall be penalized with Code of Conduct violations if the player is not ready to play after the time applicable to that break.
- (D) Any time a player leaves the court to go to the restroom or change clothes after the warm up rally has begun, it is considered an Authorized Break or an Extra Break, regardless of whether the player's opponent has left the court.
- (E) A player may not take a restroom break, medical time or change clothes consecutively unless approved by the referee/supervisor.

### 6.2.3 Denying a player request

## 7.2 STANDARDS AND PROCEDURES

### 7.2.1 Ranking order

Players are ranked based on their total points in the Ranking according to Section 7.1.

### 7.2.2 Ranking points in general

- (A)** Players receive points for the highest round they reach.
- (B)** Players who receive Wild Card receive the same points as any other player.
- (C)** Qualifiers score points based on the highest round achieved in the Main Draw, plus the ranking points specified as column BONUS Q in the table in Section 7.1.4, except for the following:
  - (i)** Qualified pairs who have not played a match (except for those who win by walkover or withdrawal) in the Qualification Draw and advance to the Main Draw shall only receive Main Draw points.
- (D)** In the Main Draw, bonus points shall be awarded to unseeded players for beating seeded players according to table 7.1.5 above.

- (E) Lucky Losers earn Main Draw ranking points based on the highest round achieved in the Main Draw, but do not earn the Qualification Bonus. In the event that the Lucky Loser replaces an exempt top seed, they must win their first match to add the points corresponding to that instance (in case of defeat, it would only add the points corresponding to the first round).

### 7.2.3 Withdrawals, Exempt, Walkovers and Disqualifications

#### (A) Withdrawals

- (i) If a player withdraws or is automatically removed from a tournament before playing the first match, they shall not receive points.
- (ii) If a player withdraws from a tournament after the start of their first match, they shall receive points for reaching the round in which they withdrew.

#### (B) Exempts

If a pair receives one (1) or more consecutive Byes and fails to comply or withdraws without disputing the match, the pair shall not receive points unless they are a Lucky Loser and shall be awarded the points earned in the ranking.

#### (C) Walkovers

A walkover (WO) is defined as a pair's failure to appear or their withdrawal before the start of the match.

If this occurs in their first match of the competition, a WO results in the pair being deemed not to have participated in the tournament, and the losing pair will not receive any ranking points or prize money. In subsequent rounds, a pair that incurs a WO will retain only the points and prize money earned up to the round previously reached if the reason is justified; otherwise, an unjustified WO will result in zero points in that competition and no entitlement to prize money.

If a pair wins Walkover in the first round and there is no Alternate or Lucky Loser to take the slot, the pair shall receive qualifying points for the round reached.

**(D) Disqualifications**

For any Disciplinary Disqualification that occurs in a tournament after the match begins,

- (i)** The advancing pair will receive ranking points for the round reached; and
- (ii)** The pair that is disqualified shall lose all the points obtained in that tournament and receive a zero (0) in their ranking which shall be part of their 22 best results. The discipline committee may decide whether such action corresponds to a single player in the pair or both.

**7.2.4 Cancellation of the Tournament or Early Termination**

**(A) Cancellation of the tournament without having played**

If a tournament is canceled and not played, players shall not receive any qualifying points.

**(B) Cancellation of the tournament after playing has started**

If play has started and ends before the first round is complete, players shall not receive any qualifying points. However, if the first round has been completed, all players shall receive the points and Prize Money earned up to the last completed round.

**(C) Cancellation of the tournament without completing the finals**

If a tournament officially ends before the finals are completed, each finalist will receive the finalist points and prize money.

**7.2.5 Tiebreak procedures**

When two (2) or more players have the same number of points in the Ranking, the tie in the Ranking position shall be decided according to the following priorities in order:

- (A)** The player with the most combined points in the Premier Padel Tournaments in the MAJOR category.

- (B) The player with the most combined points in the Category P1 Premier Padel Tournaments.
- (C) The player with the most combined points in the Category P2 Premier Padel Tournaments.

### 12.15 Medical equipment and supplies

The Local Organizer is responsible for the supply, at its own cost, of all medical equipment, materials and supplies necessary to conduct the event, including all equipment and supplies necessary for the provision of players' medical services.

The Local Organizer must ensure that medical supplies are sufficient in quantity and quality to meet the needs of the Premier Padel Tournament.

Defibrillator equipment in good working order shall also be available near player areas, near the courts, and near spectator areas.

The Local Organizer is responsible for any expenses arising from the provision of emergency medical vehicles, equipment and facilities.

A dedicated vehicle must be made available to medical services exclusively for any emergency CMU or Premier Padel medical personnel transfers.

### 12.16 Ambulances

Ambulances provided during the tournament, according to the approved Medical Plan, are used for two types of patients:

- (A) Patients undergoing resuscitation.
- (B) Patients requiring urgent transfer to the hospital.

Ambulances can therefore be of different types; however, at least one intensive care equipped ambulance must be present at all times. Should it be used, it must be replaced immediately. Continuity solutions are not supported.

A minimum of two (2) ambulances shall be provided.

The players' ambulances should be stationed near the players' medical area and near the main medical center; however, in particular situations, they may be located in other positions strategically more efficient for the urgent attention of the athletes.

In addition, ambulance procedures and site access and exit points should be planned in coordination with other groups such as security, police, and site management personnel and included in the Medical Plan.

Ambulances must be officially registered and accredited with national authorities and have qualified personnel.

They must be present on site and stationed in the approved locations at least sixty (60) minutes prior to the first match (and their personnel shall have already attended the medical meetings as requested).

Ambulances shall remain for athlete emergency use only and shall be in service until sixty (60) minutes after the last match.

The organization of emergency planning for the public is the sole responsibility of the Local Organizer and Premier Padel has no responsibility for such provision.

The provision of ambulances for spectators and other groups of clients must be included in the Medical Plan according to the conditions of the location; however, it is recommended that during the Premier Padel Tournament there be a minimum of two critical care ambulances always present on site and parked in the approved locations, starting at least thirty (30) minutes of spectators' access to the venue, and their staff have already attended medical meetings as requested.

The number of ambulances present on site shall be determined by the Local Organizer based on the number of spectators.

## 12.17 Medical procedures

### (A) Medical conditions

“Medical Condition” shall be defined as a medical illness or physical (musculoskeletal) injury that requires medical assessment and/or medical treatment by the Physio (or by the Tournament Physician if determined by the Physio) during the match, including the warm up rally.

#### (i) Treatable medical conditions

The following Medical Conditions are considered treatable and shall result in medical treatment being allowed according to medical treatment procedures:

- (a) Acute Medical Condition: A medical illness or musculoskeletal injury that occurs suddenly during the match, including the warm up rally, and requires immediate medical treatment.

(b) Non-Acute Medical Condition: a medical illness or musculoskeletal injury that develops or worsens during the match, including the warm up rally, and that requires medical attention during the side change or at the end of the set.

(ii) Untreatable Medical Conditions

Players may not be treated at any time during the match (or warm up rally) for the following conditions:

(a) Any Medical Condition that cannot be adequately treated within the time available for medical treatment during the match.

(b) Any Medical Condition that has not occurred or worsened during the match.

(c) General fatigue of the player.

(d) Medical conditions requiring intravenous injections or infusions, or supplemental oxygen supply, with the exception of diabetes (when prior medical certification has been obtained and submitted) and for which an insulin injection may be administered. Physiotherapists and Physicians should be aware of any case in which a player with a known and reported diabetic condition is on the court playing a match, and whenever they are called to enter that court, they should carry any necessary insulin injections and be ready to treat the player in question.

(B) Medical evaluation

(i) Objective

The purpose of the medical assessment is to determine whether a player has suffered or aggravated a Treatable Medical Condition and, if so, to determine when medical treatment is warranted and whether a medical timeout is required (as further described in Subsection C below, “MTO”) is necessary. The development of the condition does not need to be witnessed by the Chair Umpire.

(ii) Player request and process

If at any time during the warm up rally or match, the player believes that medical assessment and treatment is required, they may request, through the Chair Umpire only, to see a Physician.

The Chair Umpire may ask the Player if they can continue playing; however, the Chair Umpire is under no obligation to do so.

The player has the option to:

- (a) Stop play and wait until the PHCP arrives, only in the event that a player believes they have developed an Acute and Treatable Medical Condition requiring an immediate stoppage of play; or
- (b) Wait until the next side change or set break to see the PHCP, if the injury is a Non-Acute and Treatable Medical Condition.

The player is expected to be forthright about whether they believe they are suffering from an Acute Medical Condition justifying the interruption of play; otherwise, they shall incur a penalty in accordance with the Unsportsmanlike Conduct section of the Code of Conduct.

(iii) Time and place of the evaluation

Accompanied on court by the Supervisor (or Referee), the PHCP shall begin, and the Chair Umpire shall begin timing the assessment when the Doctor begins communicating with the player.

Assessments by the PHCP shall be conducted within a reasonable period of time, balancing player safety on the one hand and continuous play on the other (recommended not to exceed two (2) minutes), and may be conducted off court, if requested by the Physician.

Upon completion of the assessment, the PHCP shall inform the Chair Umpire if treatment is needed and when treatment should begin.

**(iv)** Tournament physician participation

At the discretion of the PHCP, if additional assessment is required by the Physician, it shall be a separate assessment, also of reasonable duration.

If local medical regulations require the presence of a physician during the medical assessment, then for that Tournament it can be implemented that the Physio shall conduct the medical assessment with the presence of the Physician as well.

**(v)** Potential evaluation results

**(a)** Untreatable Medical Condition

If after the assessment, the PHCP determines that the player has an Untreatable Medical Condition, the Player shall be informed that no medical treatment shall be permitted. Medical treatment, including medications, is permitted only for Treatable Medical Conditions.

**(b)** Treatable medical condition requiring MTO

The PHCP may authorize for that condition a one (1) time, three (3) minute MTO, which would be performed during a side change with rest, unless the Physician determines that it is an Acute Medical Condition requiring immediate medical attention and treatment.

**(c)** Treatable medical condition not requiring MTO

If the PHCP determines that the player has a Treatable Medical Condition, but that an MTO is not necessary in cases such as illness or muscle cramps, then the PHCP may, after assessment, begin treatment if time remains for the change of side or set. If necessary, the PHCP may treat the Player for this Medical Condition for two (2) additional side changes with rest, not necessarily consecutive.

**(vi)** Medical treatment

A player may only receive on-court medical assessment, treatment and/or supplies by the PCHP (who may request assistance from

the Tournament Physician) during any ninety (90) side second side change with authorized break or one hundred twenty (120) second set completion for each Treatable Medical Condition.

Players may not receive medical treatment for Untreatable Medical Conditions.

**(a)** Definition

Medical assessment, treatment, or supplies in the PHCP court shall include:

- (1)** Adjustment of medical support and/or bandages;
- (2)** Supply of medications; or
- (3)** Contact lens supplies.

**(b)** Process and times

All such requests for treatment shall be made through the Chair Umpire, who shall notify the PHCP and Supervisor (or Referee) of a player's request to see the PCHP and time the side change (or set pause) as the usual ninety (90) (or one hundred twenty (120)) seconds. Medical treatment is limited to one (1) of three minutes for each Treatable Medical Condition and may be re-administered in the next two (2) side changes with an Authorized Break (or set pause) for each Treatable Medical Condition without limitation on the number of games played since the MTO was applied, and always within the regulation time for the changeover or set break, without additional time being granted.

It is the player's responsibility to request in advance to the Chair Umpire that they shall need the attention of the PHCP for the next change.

If it is necessary to adjust the medical equipment during or immediately after the warm up rally, the player must request an adjustment immediately after the ball, limited to ninety (90) seconds.

**(c) Non-medical equipment**

Any non-medical equipment (for example, isotonic drinks, energy bars, gels, towels, etc.) requested by a player while on the court shall not be the responsibility of the medical team.

**(vii) Additional procedures applicable to side changes or end of a set**

If the assessment is performed on a side change with rest, before “Time” is announced, the Chair Umpire shall ask the PHCP if they shall continue with the assessment. The PCHP shall indicate:

**(a)** If yes, the PHCP shall clearly indicate whether the assessment is continuing or whether it is initiating an MTO. If the assessment is completed before “Time” has been announced, the remaining time of the side change may be added to the three (3) minutes for the MTO.

**(b)** If not, the Chair Umpire shall announce “time” at sixty (60) seconds (side change) or ninety (90) seconds (set break). Once “Time” is announced, the player has twenty (20) seconds to resume the game.

**(C) Medical Time Out (MTO)**

An MTO is awarded by the Supervisor or Chair Umpire when the PHCP has assessed the player and determined that they need additional time to receive medical treatment. The MTO takes place during a side change with rest or completion of the set, unless the PHCP determines that the player has developed an Acute Medical Condition that requires immediate medical treatment.

**(i) Assignment per player**

One player is allowed one (1) MTO per match for each distinct treatable medical condition. The following will be considered one (1) treatable medical condition:

**(a)** All treatable musculoskeletal injuries that manifest and evaluate as part of a continuous kinetic chain.

(b) Any and all clinical manifestations of heat disease and cramps, subject to the following:

(1) A player may be treated for muscle cramps only during the time allotted for the side change and/or breaks between sets. Players may not receive an MTO for muscle cramps. In case of doubt as to whether it is (x) an Acute Medical Condition, (y) a Non-Acute Medical Condition, including muscle cramps, or (z) an Untreatable Medical Condition, the Physician's decision together with the Premier Padel Tournament Physician, if applicable, shall be final. If a player displays symptoms of a heat illness or disease (that is, heat stroke or heat exhaustion) and cramps are one of the symptoms manifested, an MTO may be taken, to be determined by the Physician at the time of assessment.

(2) The Supervisor/Referee or Chair Umpire shall order a player who has stopped play claiming a serious Medical Condition, but who has been determined by the PHCP, in conjunction with the Premier Padel Tournament Physician, if applicable, to have muscle cramps, to resume play immediately. If the player is unable to continue playing due to severe muscle cramping, the player may lose the point or game(s) needed to reach a side change with rest or end of set to receive treatment. \* There may be a total of two (2) side change treatments for muscle cramps in a match, not necessarily consecutive.

**\*The Chair Umpire shall announce to the players and spectators:** "First/last name seeks immediate medical treatment. They may receive this treatment only on a side change/set break and is therefore conceding all points and games until the next side change/set end."

(ii) Time and duration of treatment

In the event that the MTO occurs, it will not exceed three (3) minutes. It shall commence upon completion and diagnosis of the medical condition by the PHCP and the Premier Padel Tournament

Physician, if necessary, and shall be timed from the moment the PHCP is ready to begin treatment.

**(iii)** Off-court treatment

At the discretion of the PHCP, and for reasons of privacy and modesty, treatment during an MTO may be performed off the court, in the most private place close to the court, and may be carried out in conjunction with the Premier Padel Tournament Doctor.

In such a case, the Chair Umpire and/or Supervisor shall be responsible for notifying the PHCP of the remaining time. At the end of the three (3) minute off-court treatment, the player shall immediately return to the court.

**(iv)** Provisions for players with diabetes

Players with diabetes who have prior written medical certification obtained from a primary care physician or endocrinologist and provided to the Anti-Doping Program Administrator may use blood sugar monitoring devices during the reasonable time assessment period and administer insulin (if necessary) during the MTO. Players who have not submitted prior medical certification of diabetes must be assessed by the Premier Padel Tournament Physician prior to testing blood sugar or administering insulin, and must retroactively submit documentation to the Anti-Doping Program Administrator if injecting insulin.

**(v)** Additional MTO Procedures

**(i)** At the start of the MTO the Chair Umpire shall publicly announce, "First/Last Name is receiving a Medical Time" and begin timing.

**(ii)** The Chair Umpire shall announce to the players and the PHVP the following:

**(1)** "Two (2) minutes remaining."

**(2)** "One (1) minute remaining."

**(3)** "Thirty (30) seconds remaining."

- (4) "Time" (publicly).
  - (iii) If the MTO lasts less than the three (3) minutes allowed, the PHCP shall inform the Chair Umpire when the treatment is complete, and the Chair Umpire shall announce to the players: "Treatment completed" and then publicly: "Time".
  - (iv) When the treatment lasts for the full three (3) minutes, the Chair Umpire shall announce, "Full Treatment" and then publicly "Time". After "Full Treatment" is announced, if necessary, the Player shall be given the time to put on socks and trainers before "Time" is announced.
  - (v) If a player is unable to play after twenty (20) seconds, they shall be penalized with a Code of Conduct violation (according to the Defined Penalties).
  - (vi) At the end of the MTO, the PHCP shall leave the court. The player may receive treatment in two (2) additional upcoming side changes with rest for each MTO performed.
  - (vii) After the match, the player must meet with the Premier Padel Tournament Physician for an assessment of the injury or illness.
- (vi) Consecutive treatments

The Supervisor or Chair Umpire may allow two consecutive MTOs in special circumstances where the PHCP determines that the player has developed at least two (2) separate treatable medical conditions at the same time.

- (a) Circumstances that allow two consecutive MTOs

Such circumstances may include:

- (1) An illness along with a musculoskeletal injury or;
- (2) Two (2) or more distinct musculoskeletal injuries.

**(b)** Processes and timelines

In such cases, the PHCP shall conduct a medical assessment of the two (2) or more Treatable Medical Conditions during a single assessment, and may then determine that two (2) consecutive MTOs are required, informing the Chair Umpire.

The Chair Umpire shall count MTOs separately, making appropriate announcements for the beginning of each MTO (e.g., "First/Last Name is taking a second Medical Time").

**(D)** Resumption of play and rule violation penalties

Upon completion of an MTO or medical treatment, any delay in resuming play will be punished as a violation of the Code of Conduct for Game Delay.

Any abuse by a player of this Medical Rule shall be sanctioned in accordance with the Unsportsmanlike Conduct Section of the Code of Conduct.

When a player informs the Chair Umpire that they need medical treatment at the next side change, the Chair Umpire must immediately communicate with the physiotherapist using the internal communication device to ensure that the Physician is on the court at the time the side change begins.

During an MTO, the remaining players may rest on the benches, drink or eat on their benches and/or receive advice from the on-court coach.

**(E)** Other Procedures

**(i)** Biological hazards Hazardous materials

The Chair Umpire shall suspend play and request the PHCP when bio-hazardous materials (blood and vomit) are present on the court. Play is suspended until appropriate Premier Padel Tournament personnel clean the court and properly dispose of biohazardous materials using spill equipment provided by the Local Organizer.

**(a) Bleeding**

If a player bleeds, the Chair Umpire must stop play as soon as possible and call the PHCP to the court to conduct an assessment and treatment. The PHCP, together with the Premier Padel Tournament Physician, if applicable, shall assess the source of the bleeding and request an MTO for treatment, if necessary.

If requested by the PHCP and/or Premier Padel Tournament Physician, the Supervisor or Chair Umpire may extend the MTO and allow up to a total of fifteen (15) minutes to ensure control of bleeding.

If within fifteen (15) minutes, bleeding is not controlled, the PHCP may warn that continued play is harmful to the player's health. In that case, the Supervisor/Referee may remove the Player from the match.

If blood has spilled on or near the court, play must not resume until the spilled blood has been properly cleaned up.

**(b) Vomiting**

If a player vomits, the Chair Umpire must stop the game if the vomiting spilled on the court or if the player requests a medical assessment.

If the player requests a medical assessment, then the PHCP shall determine if the player has a Treatable Medical Condition.

If vomiting is continuous, the PCHP may warn that continued play is detrimental to the player's health. In that case, the Supervisor/Referee may remove the Player from the match.

If vomiting has spilled on the court, the game must not resume until the vomiting has been properly cleaned up.

**(ii)** Blisters

Blisters shall not be considered an Acute Medical Condition and each player is entitled to one treatment per match for blisters during a side change with rest or at the completion of a set.

The PHCP may, after assessing the blister, consider that treatment should be performed at the next side change to ensure that they have sufficient time to treat the blisters adequately.

**(iii)** Physical Disability

During the match, if a medical emergency occurs and the player involved is unable to request a PHCP, the Chair Umpire shall immediately call the PHCP and Premier Padel Tournament Physician to assist the player.

Prior to or during a match, if a player is deemed to be physically unfit to compete, or poses a serious health risk to players, officials or tournament staff, the PHCP and/or the Premier Padel Tournament Doctor shall inform the Supervisor and recommend that the player be declared unfit to compete in the match to be played, or withdraw from the match in progress.

The Supervisor/Referee should exercise discretion before taking this action and should base their decision on the best interest of the player's health and take into account all medical advice and other information.

If a player needs to withdraw from a Premier Padel Tournament after winning a previous match, the player must be screened by the PHCP, who is responsible for determining that the player cannot compete.

**(iv)** Medically justified clothing change

If during an on-court assessment or MTO the PHCP feels it is medically warranted for the player to change clothes, the PHCP may include this during the MTO (conducted off-court at the nearest/private location); otherwise, only one change of clothes may be taken at the end of a set.

**(v)** Simultaneous court calls

In the event of simultaneous callouts, when a second PHCP is not covering the Tournament, the PHCP shall go to the first request, unless otherwise directed due to a medical emergency.

If there are two (2) simultaneous requests on the same court, the following will be done:

- (a)** The PHCP shall attend at the first request or medical emergency, conduct a complete assessment and MTO, if required;
- (b)** Move to the second request and administer a full evaluation and MTO, if indicated; and
- (c)** The PHCP shall rotate treatments on side changes, if necessary, starting with the player who had the first request, until the process is complete.

In the event that the PHCP determines that both calls to the court were muscle cramps, the PHCP shall treat the Player who had the first request for forty-five (45) seconds (as timed by the Chair Umpire) and then treat the second player for the remaining forty-five (45) seconds of the 90-second side change, or treat each player for sixty (60) seconds during a break at the completion of a set.

**(vi)** Rally period

For purposes of this Section, the match includes both the warm up rally and the match; therefore, any Medical Condition occurring during the warm up rally shall be considered a Medical Condition during the match.

If a player suffers a Treatable Acute Medical Condition during the warm up rally that prevents them from starting the match as scheduled, the player may receive an MTO or a ninety (90) second treatment period at the end of the warm up rally prior to the start of the match.

If the MTO is performed during the rally, the five (5) minute rally will be suspended until the conclusion of the MTO. If it is clear that the

player is not physically able to compete after receiving treatment, then the match should not begin.

(vii) Unusual circumstances

If during the match any unusual circumstance occurs, such as a player's unintentional fall, ball striking a player during play, among others, that affects the player's ability to immediately continue play, the Chair Umpire has the authority to allow the player to recover from the incident within a reasonable time, not to exceed five (5) minutes.

If the player requires the presence of the PHCP:

- (a) Immediately and before the first minute of this recovery period has elapsed, the PCHP shall have five (5) minutes to assist the player.
- (b) After the conclusion of the first minute, but before the conclusion of the second minute, the Chair Umpire shall stop the stopwatch, call the PCHP and restart the stopwatch once the PCHP arrives and is ready. The PCHP shall have five (5) minutes on the Chair Umpire's timer, unless the PCHP finishes earlier and the player may resume play.
- (c) Once the second minute of the reasonable recovery team has elapsed, the PHCP shall be called to the court, but the stopwatch shall not stop and the reasonable recovery time concludes once the stopwatch reaches the five (5) minute mark, or else the player has recovered and is ready to play before the five (5) minutes have elapsed.

## 12.18 Extreme weather conditions

(A) Definitions

(i) Measurement methods

**“Extreme Weather Conditions”** shall be defined as when the Heat Stress Index (Wet Bulb Globe Temperature (WBGT) reaches or exceeds the levels indicated below for Extreme Weather Conditions - Play Modification and Extreme Weather Conditions - Play Suspension. If a WBGT meter is not available to

measure the Thermal Stress Index (WBGT), the Heat Index (Apparent Temperature) will be calculated based on the following table.

Temperature (°C)	Humidity %															
	25	30	35	40	45	50	55	60	65	70	75	80	85	90	95	100

42	48	50	52	55	57	59	62									
Extreme heat conditions - Increase hydration																
Extreme heat conditions - Game modification																
Extreme heat conditions - Game suspension																

A WBGT device is a measurement tool that uses ambient temperature, relative humidity, wind, and solar radiation to obtain a measurement that can be used to monitor environmental conditions.

**(ii) Increased Hydration**

Extreme Weather Conditions - Increased hydration shall be understood as when the Heat Stress Index (WBGT) reaches or exceeds the values between 44 – 47 indicated in the table above.

**(iii)** Game Modification

Extreme Weather Conditions - Game modification shall be understood when the Heat Stress Index (WBGT) reaches or exceeds the values between 48 – 53 indicated in the previous table.

**(iv)** Game suspension

Extreme Weather Conditions - Game suspension shall be understood as when the Heat Stress Index (WBGT) reaches or exceeds the value of 54 indicated in the table above.

**(B)** Extreme Weather Conditions Measurement/Control Procedures

The PCHP shall measure the WBGT Index or Apparent Temperature a minimum of three (3) times, and a maximum of five (5) times, per day. Readings shall be determined by the PCHP and the Supervisor prior to the start of the game and shall be posted in the Supervisor's office. Measurements will be taken every two (2) hours, but at least three (3) readings will be taken at the following times:

- (i)** Half an hour before the start of the match;
- (ii)** In the middle of the scheduled day; and

Just before the start of the last match of the day, or before the start of the first match of the afternoon.

The WBGT index or apparent temperature should also be measured under the following circumstances:

- (i)** After any suspension of the game; and
- (ii)** At the discretion of the Supervisor, in consultation with the Premier Padel Tournament Physician and/or the PHCP.

**(C)** Modification of the game schedule and change of weather conditions

When the Extreme Weather Rule becomes effective prior to the start of a match, the procedures set forth in the following subsections shall be followed.

In the event of a change in the weather conditions determined by this periodic control during the day, the Extreme Weather Conditions Rule may come into effect at any time on all courts, including matches already in progress. Once notified that the Extreme Weather Rule is in effect, the Chair Umpire must inform players as soon as possible, but no later than the next side change.

If there is a sudden change in weather conditions and the rule is lifted, ongoing matches shall continue under the Extreme Weather Conditions rule. In the event of rain or game interruption, the Supervisor and PCHP may re-assess the Extreme Weather Rule.

**(D)** Hydration Increase Procedure

Fluid intake is authorized at the completion of each of the games, including the sum of even games, within the allowed times. The Chair Umpire may increase the time allowed, at their discretion, within reasonable limits.

**(E)** Game Modification Procedure

A ten (10) minute break shall be allowed between the second and third sets if requested by either player. If neither player requests, play shall continue.

The Supervisor, in consultation with the PCHP, may also decide to delay the start time of the matches until such time as the Modification of Play due to Extreme Weather Conditions is no longer in effect.

**(i)** During the ten (10) minute break the following applies:

- (a)** Players may leave the court to change clothes or go to the restroom and it shall not count as one of the permitted changes of clothes or going to the restroom.
- (b)** No medical evaluations, MTOs, or medical treatments will be permitted unless approved by the Referee/Supervisor prior to leaving the court or prior to the end of the second set, in which case treatment may be performed off the court.

However, a player may be allowed to receive an adjustment of medical care (including the new dressing), medical equipment, and/or medical advice from the PHCP.

- (ii) Immediately after the ten (10) minute pause
  - (a) Any delay in resuming play means the player shall incur a Code of Conduct violation for delaying play.
  - (b) Warming up again will not be allowed. (This rule also applies to any restroom breaks or clothing changes allowed during the match.)
  - (c) A player may not receive medical assessments, MTOs, or medical treatments unless approved by the Referee/Supervisor prior to leaving the court.

(iii) Consecutive pauses

A ten (10) minute break for Extreme Weather Conditions and restroom or change of clothes cannot be taken consecutively.

(F) Game suspension procedures

When suspending play due to Extreme Weather Conditions, the Supervisor, in consultation with the Premier Padel Tournament Physician, the Physician and the Director, may suspend play in accordance with the suspension policy in effect at the time, until the temperature drops below the criteria for suspension of play.

## 13. VAR SYSTEM – REVIEW

### 13.1 Description

The use of an FIP-approved electronic system for play review (“**VAR System**”) is authorized for Premier Padel Tournaments.

**(A)** MAJOR Tournaments / P1

The use of at least one VAR System is required on center court during the Main Draw of all MAJOR and P1 tournaments.

**(B)** P2 Tournaments

The use of at least one VAR System is recommended in the center court of the Main Draw of all P2 tournaments.

### 13.2 Points that can be reviewed

A request for a review by a player (or pair) shall be allowed only after a definite hit or when a player (or pair) stops play when contesting a point (returns are allowed, but then the player must stop play immediately).

### 13.3 Request to the Chair Umpire

The player who appeals must do so in such a way that play stops or the Chair Umpire stops play. If an appeal is made to the Chair Umpire, the Chair Umpire must first determine that the correct appeal procedure has been followed. If it was not correct, or if it was late, then the Chair Umpire may determine that the opposing pair was deliberately hindered, in which case the appealing pair loses the point.

The Chair Umpire should decide to use the review when there is doubt about the accuracy of the call. However, the Chair Umpire may refuse the electronic review if they believe that the player's request is unreasonable or was made too late.

Players may not leave the court or receive instructions during the review process.

### 13.4 Number of requests permitted

- (A) Each pair will have two (2) incorrect requests per set in each match.
- (B) If the requesting pair fails in the request, one of the requests will be deducted.
- (C) If the requesting pair are correct in their application, it shall not be counted as a request.
- (D) If a play is not available for review, it shall not count as a request for both pair.

### 13.5 Clear communication to the Chair Umpire of the intent of the request

To make the request, the player must show the Chair Umpire an immediate interest in making a challenge and must do so in a timely manner. The player must disclose their intent to the Chair Umpire verbally or visually (for example, using their racket, arm, or hand). The Chair Umpire shall:

- (A) Reconfirm with the player their intention to challenge;
- (B) Confirm that the player has remaining requests; and
- (C) Proceed with the review.

### 13.6 Review decision not available

The original call of the Chair Umpire will always be maintained if the review is unable, for any reason, to make a decision on the play. In this case, the number of available challenges of the pair will not be reduced. If the Chair Umpire is unable, for any reason, to make a decision on the play, they shall decree a "Let".

### 13.7 Chair Umpire Request for Review

The Chair Umpire has the right, if necessary, to request the review of the last point played, when an unusual or exceptional circumstance has occurred during the same. The point will be reviewed from start to finish. No pair's application count shall be affected by the outcome of this review initiated by the Chair Umpire.

The Review Official (if applicable) may use the VAR System to monitor in real time that during the service the serving player did not violate any regulation (such as a

foot fault); however, the review of the height of the ball when serving shall only be verified if the player requests a review in accordance with all applicable rules.

### **13.8 Final Decision**

Once the review of the play has been carried out, the Chair Umpire shall confirm or rectify their initial call, the decision of the review is final and unappealable.

In the event that the written decision (IN/OUT) on the screen/monitor differs from the displayed graphic (digital images of the ball mark), then the images of the ball mark shall determine whether the ball is IN or OUT, not the written decision, however, the Chair Umpire should contact the review official to obtain final confirmation of the decision.

The Chair Umpire shall then announce the score and if the game does not resume within ten (10) seconds, the Code of Conduct may be applied to the Player or players who are not prepared for this purpose.

### **13.9 Review Official**

A certified referee, approved by the FIP shall act as Review Official, whose duties shall include, but are not limited to:

- (A) Determining which play is to be reviewed by the VAR System.
- (B) Monitoring the VAR System to ensure its proper operation.
- (C) Notifying the Chair Umpire immediately in the event of a VAR System failure or any other condition that prohibits or calls into question the ability of the VAR System to review a contested decision. In this case, the Chair Umpire shall immediately notify both players that the review is not available until further notice.
- (D) Acting as the final authority on the number of requests remaining for each pair. Contact the Chair Umpire, as soon as possible, when one (1) request remains, and confirm the remaining requests.

The Review Official and supporting technology personnel should preferably be located inside the stadium or arena, in a safe area with a clear view of the court. If this is not feasible, the Local Organizer should contact the FIP to approve an alternative location.

Regardless of location, the Local Organizer must provide a secure and separate channel between the Chair Umpire and the Review Official or between the Chair Umpire and the broadcast production offices and the review system booth.

### 13.10 Screen/monitor

For the court using a VAR System, there shall be a minimum of one (1) screen/monitor of sufficient size, located in a position where the Chair Umpire, players and spectators can view the results of the application.

### 13.11 Review cabin

The following specifications are recommended for the VAR System review cabin:

- (A) The booth must be located in direct line of sight with the court to provide an unobstructed view of the court. It should preferably be at the back (north or south end) of the court where possible.
- (B) The Review Official must have a complete view of the entire court.
- (C) The booth must have direct audio from the Chair Umpire's microphone (not the TV signal).
- (D) The Review Official should be able to hear Chair Umpire requests from the court.
- (E) The cabin must have space for three (3) people plus equipment (minimum of twenty (20) square meters).
- (F) The cabin must be fully air conditioned for equipment and personnel, unless technically impossible to do so, and approved by Premier Padel.
- (G) Access to the *stand* should be reasonably easy and secure.
- (H) Appropriate communication with the Supervisor, Chair Umpire and Video Operator (if not in the same room) must be available.
- (I) Tables, chairs, and high stools must be provided as requested by the Supervisor.

## 14. COACHES

Provided the following rules and procedures are followed, the coach will be allowed on the court during the match. The coach must be approved by the FIP.

### 14.1 Registration of coaches

- (A) Players are required to register their coaches through the registration platform. Coach registration shall be done together with the registration to the Premier Padel Tournament and shall have the same deadline as for player registration.
- (B) Each pair may include up to four (4) coaches per Premier Padel Tournament.
  - (i) 1 Main Coach with Hospitality based on conditions of the Premier Padel Tournament.
  - (ii) 3 Assistant Coaches without Hospitality entitlement.
- (C) Once the registration deadline has been met, no changes to the pair's main coach shall be allowed under any circumstances.
- (D) The pair may, On Site and during the Premier Padel Tournament, advise the Supervisor on which coach is to assist them in each of the matches. They must be one of the coaches registered by the pair for the Premier Padel Tournament.
- (E) Once the registration period has closed, the pair may request a coach already registered in the tournament with other pairs. An email must be sent to [competition@padelfip.com](mailto:competition@padelfip.com) and the Main Referee must be informed for authorization.
- (F) A registered coach cannot be an active player.

### 14.2 During the match

- (A) During Authorized Breaks in matches, players may receive technical, game-related instructions or advice from their coach. Coaches must present themselves to the Chair Umpire or, failing that, to the Supervisor/Referee before the start of the match. They shall maintain a fixed position on the outside of the court, next to the players' chairs.

- (B) They shall only be able to maintain verbal contact with players during breaks, not during side changes without break.
- (C) At matches, only one coach will be able to sit with the accredited pair. Under no circumstances may they change coaches in the middle of a match.
- (D) In the event that a coach has two pairs playing simultaneously, the coach may start a match with one pair and finish the match with the other pair. Provided that the Supervisor / Referee of the Premier Padel Tournament is notified at least one (1) hour before the start of both matches. In this case, the coach may not return to a match which they have stood up in [sic]. To do so, they must communicate to the Referee at a break or side change their intention to leave the match and it is at the next break or side change when they must leave the court.
- (E) The coach who may access the court to train the players must be previously registered with the pair as a coach for the Premier Padel Tournament, and must be designated for this function before the Supervisor.
- (F) If, during the course of the match, the Referee sees signs of external communication via messaging, the pair shall be sanctioned according to the Code of Conduct.

### 14.3 Regulations and restrictions of coaches on court

- (A) The Supervisor shall provide the Chair Umpire with the names of the coaches appointed during the match. No one else may enter the court to perform the roles of an on-court coach except these designated coaches.
- (B) Coaches shall enter the court through the entrance officially announced by the Local Organizer for this purpose, and only once all four players have completed the court walk-through and have entered the court for the pre-match meeting with the Chair Umpire.
- (C) Should they need to leave the court at any time during the match, they shall be permitted to leave the court and return only through the same entrance previously used for coaches' entry, and only during authorized side changes or breaks, unless the Chair Umpire authorizes otherwise in exceptional circumstances.
- (D) Coaches may not transport any sports equipment to the court when performing their coaching duties (racket/racket bag, etc.). Coaches may only carry a small bag to the coach's bench.

- (E) The on-court coach (as well as the players) may not use their cell phones or any other electronic device that can be used to send or receive information/data on the court.
- (F) Coaches must exhibit professional conduct during their presence on the court.
- (G) Coaches may only talk to players once they reach the bench during side changes (except at the end of the first game of each set and during side changes during any Tie-Break) and during the end of each set, and during the MTO.
- (H) During play, coaches cannot get out of their seat, talk or yell at their players, or engage with opposing players.
- (I) When play is interrupted due to an injury and an MTO is authorized, they must wait for the Chair Umpire to authorize the start of the timeout to begin speaking with their players.
- (J) Coaches may not speak to the Chair Umpire or submit complaints on behalf of the players, discuss a decision or for any other purpose during the match, except to inform them that they must leave the court to go to the restroom or similar.
- (K) The on-court coach is subject to the same provisions as the players in terms of the Code of Conduct.

**14.4 Code of conduct for coaches**

- (A) Violations of the on-court Code of Conduct shall result in the following penalty table, in addition to monetary fines that the Supervisor/Referee may apply upon review of each Code of Conduct violation.
- (B) The Chair Umpire must provide after the match a detailed description of each Code of Conduct violation, including all relevant elements that may be considered during the assessment of each violation.
- (C) The penalty program for coaches to be used during a match for Code violations is as follows:

<b>1st Violation</b>	Warning
<b>2nd Violation</b>	Expulsion from the match

- (D) In the event of a very serious offense (very serious physical or verbal assault) the Supervisor/Referee may determine the immediate disqualification of the coach who committed the offense.
- (E) Sanctions may also be economic, maintaining the same proportionality as those stipulated in the table published in APPENDIX C – PLAYER FINES.
- (F) When a coach commits a violation that is particularly serious or flagrant, the coach may be suspended for a period of one (1) to twelve (12) months.
- (G) If a coach is sanctioned with a suspension period, they must be informed in writing of the suspension start time.
- (H) Upon completion of the period of suspension, the coach shall be informed in writing by the FIP that they may resume their duties as a coach in Tournaments under the FIP umbrella.

#### 14.5 Coach attire

- (A) Coaches must dress in appropriate sports clothing, similar to that required for a player, or professional-looking non-sports clothing.
- (B) Clothing may not contain logos or other identification of other Padel circuits or brands with extraordinary visibility.
- (C) In case of non-compliance with the above, the coach will be asked to change their clothing. Failure to do so will result in the coach's unavailability on the court for the pair during the match in question, until such time as the coach can present themselves in appropriate professional attire according to the regulations in this section.
- (D) Number and dimensions of commercial identifications. See Appendix E.
- (E) The automatic fine for a first violation of the dimensions of the commercial identifications is €300; which is doubled for each subsequent violation committed in the current Tour Year (e.g., €300 for the first violation, €600 for the second violation, €1,200 for the third violation and so on).

## 15. CODE OF CONDUCT FOR OFFICIALS

The FIP as a member of the Certification Program requires a high level of professionalism from all Certified Officials and all other Officials working in FIP Tournaments.

All members of the official's team are automatically bound by and must comply with this Code of Conduct ("**Code of Conduct**").

### 15.1 Required standards

Unless otherwise specified, the following rules shall apply **(a)** while a referee is acting, or is reasonably deemed to be acting, in their capacity as referee, and **(b)** at any other time at which their conduct may harm any of the governing bodies or otherwise undermine the integrity or reputation of the sport, including but not limited to the following:

- (A)** when on official premises of a Premier Padel Tournament, including the venue, hotel, transportation and other venues related to the event;
- (B)** when it relates to players, player support personnel, other officials, event personnel, spectators and governing body personnel either at or during the event;
- (C)** when performing any duties set forth in the Rules of Padel, the FIP Rules, the Tour Rules or the Duties and Procedures for Referees.

Referees must be in satisfactory physical condition to enable them to perform their duties.

Referees must have a natural or corrected vision of 20-20 and normal hearing. Moreover, International Chair Umpires shall submit each year to the FIP Refereeing Department a completed eye test form and all other Referees shall submit every three (3) years to the FIP Refereeing Department a completed eye test form.

Referees must be punctual in all matches assigned to them.

Referees shall know, understand, comply with and, as applicable, enforce the Padel Rules, the Duties and Procedures for Referees, the Tour Rules relevant to the Premier Padel Tournaments in which they are refereeing, the Padel Anti-Corruption Program, the Padel Anti-Doping Program and all other policies applicable to Referees as may be introduced by the Governing Bodies from time to time (including, but not limited to, the Cell Phone/Smart Watch Ban Policy).

Referees will behave respectfully towards others when acting in their capacity as referees.

Referees will maintain a high level of personal hygiene and professional appearance when acting in such a capacity.

Referees shall not drink alcohol or consume any other substance that may impair their judgment in the twelve (12) hours prior to any match they officiate, and at all times while acting in their capacity as referees.

The referees shall maintain complete fairness with respect to all players and player support personnel, and shall avoid any actual or apparent conflicts of interest. Specifically, referees shall not **(a)** officiate in any match in which they have an actual or perceived conflict of interest; or **(b)** socialize with or intimidate players, or engage in any relationship (business, personal or otherwise) or take any action on or off the court that may call into question their impartiality as a referee. For the avoidance of doubt and notwithstanding the foregoing, referees may attend social events in which players are present and may stay at the same hotels as these, but shall not share a hotel room with any player of any age. The referees will declare all potential, perceived or actual conflicts of interest to their respective Referee Representative.

Examples of conflicts of interest include, but are not limited to: a player currently competing at Tour events or a friend, relative, or support staff of a player currently competing at the Tour; a Tour event director/organizer; or an employee, consultant, contractor, or business partner/shareholder of a company having business interests in Tour events.

The referees will not at any time discuss decisions made by themselves or other officials with anyone except those referees directly, the supervisor/referee, or the FIP officiating department.

Referees must comply at all times with applicable criminal laws. For the avoidance of doubt, and without limiting the foregoing, this obligation is breached if a referee is convicted of or pleads guilty to or does not contest a criminal indictment or an indictment for any criminal offense in any jurisdiction.

Referees will complete any integrity program required by the FIP or a Governing Body. The referees will not be backed, employed, sponsored or otherwise contracted by any entity that directly offers and/or accepts bets in connection with the outcome or any other aspect of any Padel event or any other Padel competition, including, without limitation, gambling houses and any person or entity that operates websites, applications, retail, credit telephone, online and/or mobile Padel betting services; casinos operating sportsbooks with Padel bets; and lotteries operating sportsbooks with Padel bets.

Referees will not discuss or hold discussions with spectators while conducting a match, unless necessary during the ordinary course of the match.

Referees will not, at any time, participate in interviews or meetings with the media from which their statements relating to Padel refereeing may be printed, broadcast, published on social media or otherwise publicly disseminated, without the approval of the relevant Supervisor/Referee if it is during a Padel event and, at any other time, of the FIP officiating department.

Referees may not, at any time, make, authorize or endorse public comments, including the posting of anything on any social media channel, that attacks or disparages a Padel Event, a Player, the Player Support Team, another Referee, Padel event staff or governing body staff, and which the referee knows, or reasonably should know, may damage the reputation or financial interests of the Padel event, player, other referee, event staff or governing body staff, as applicable.

The referees shall not at any time engage in unfair, unprofessional, discriminatory or unethical conduct, including but not limited to attempts to intentionally injure or interfere with other referees, players, tournament personnel, player support personnel, governing body personnel and spectators, as well as reckless or negligent conduct that may cause such injury or interference. In addition, all officials will set a good example of conduct for the other referees.

Referees shall not at any time engage in abusive conduct, whether physical or verbal, or threatening conduct or language toward other referees, players, player support personnel, tournament personnel, governing body personnel, spectators, or members of the media.

Referees shall not at any time abuse their position of authority or control and shall not damage or endanger, or attempt to damage or endanger, the psychological, physical or emotional well-being of other referees, players, Premier Padel Tournament staff, player support staff or governing body staff.

Sexual advances or sexual harassment or abuse of any kind toward other referees, players, player support personnel, tournament personnel, spectators, governing body personnel, or members of the press or media shall not be tolerated.

Referees shall make all requests related to the event to the Supervisor/Referee or the Main Tournament Umpire.

Referees undertake to work in a test until the Supervisor/Referee gives them permission to do so. [sic] If a referee has accepted an assignment to officiate at an event, they may not withdraw from such assignment before the supervisor/referee authorizes it.

All Referees have a continuing obligation to report to the Supervisor any actual, suspected or suspected violation of the Code of Conduct of which they become aware, whether their own or another Referee. Failure to comply with this obligation is a Code of Conduct violation.

Referees will act honestly at all times.

Referees shall cooperate fully with any investigation and/or proceeding (a) under the Code of Conduct or these Regulations (whether in relation to their conduct or that of another official), and (b) under the rules of Padel's governing body in which they act as referees, Padel's anti-doping program and/or Padel's anti-corruption program. In addition, officials will not (i) provide any inaccurate information, (ii) omit any relevant information requested from them, or (iii) deliberately deceive or attempt to deceive such agencies, their personnel or other referees.

For the full FIP Code of Conduct for Officials, see [www.Padelfip.com/es/documentation/](http://www.Padelfip.com/es/documentation/).

## 16. APPLICABLE LAW AND JURISDICTION

This document shall be governed by common Spanish law.

Any dispute arising out of or in relation to these Regulations that is not to be previously resolved by the FIP or Premier Padel (including, but not limited to, the provisions of Section 1.2 of these Regulations), as the case may be, shall finally be resolved by arbitration administered by the TAS (Court of Arbitration for Sport), in accordance with its Arbitration Rules in force on the date of submission of the request for arbitration. The arbitral tribunal appointed for this purpose shall be composed of three (3) arbitrators. The language of the arbitration shall be English. The place of arbitration shall be Lausanne, Switzerland.

## APPENDIX B

### ROOF POLICY

#### General conditions:

- Premier Padel Tournaments played outdoors may have one (1) or more courts with a retractable roof, which allow play to continue or resume even when inclement weather affects the proper playing of the matches.
- Premier Padel Tournaments with retractable roofs shall remain primarily outdoor events. Whenever possible, conditions on courts with retractable roofs will be the same as on all other courts.

#### Rain:

- Should it rain before the intended start of the game, the roof will remain closed throughout the match.
- If it stops raining or the weather forecast is good, the roof can be opened after the current match is over. Decisions on roof reopening will be made by match depending on current conditions and the weather forecast.
- If the game begins with the roof closed, the roof will remain closed for the remainder of the match. A decision may be made to open the roof for the next scheduled matches.
- If the game starts with the roof open, the decision will normally be made to close the roof after the match has stopped due to rain, although if other factors justify the roof closing before stopping the game, the Supervisor will make that decision.
- In the event that strong winds with sufficient capacity to damage the retractable roof are reasonably predicted, the roof may be closed prior to the start of the match. The opposite applies when the roof is closed and high winds or other conditions require the roof to be reopened for safety reasons.
- Changes in game order, including the completion of an unfinished match on a court other than the one in which it began, may be authorized under exceptional circumstances in order to complete a Tournament on time.

Darkness:

- If the roof must be partially closed for the lights to work properly, then the roof must be partially closed before the start of the match. The Supervisor will determine the exact time of day from which the roof will be closed for this purpose.

Cold weather:

- In the event that the temperature is below 50°F/10°C prior to the start of a match, to enhance the fan experience, the roof may be closed as directed by the supervisor. Decisions on whether to close the roof in cold weather will be made by match.

## APPENDIX C

Fines shall be paid in the manner stipulated by the FIP in each case according to the seriousness of the conduct, its consequences and other specific circumstances. The following fines shall apply, unless different penalty provisions are provided for in the FIP regulations.
