

FIP RENEWS AGREEMENT WITH MEJORSET AS OFFICIAL COURT SUPPLIER

The partnership strengthens a relationship that began in 2020 and reaffirms a shared commitment to excellence in professional padel.

MejorSet, a global leader in the manufacturing and installation of padel courts, has renewed its agreement with the International Padel Federation (FIP) to remain the official court supplier for the 2025 and 2026 seasons.

Padel has experienced exponential growth in recent years, becoming one of the fastest-growing sports worldwide. In this context, MejorSet has played a key role in the most prestigious FIP events, including every World Championship organized by the Federation and the 2023 European Games in Krakow, where padel made its official debut as a competitive discipline. MejorSet is also the official court supplier for the Premier Padel Tour.

The collaboration includes the exclusive supply of the FIP court, a limited-edition model designed in the official colors of both the Federation and MejorSet. This unique court represents the fusion of technical innovation and the core values of sport.

"Renewing our agreement with the FIP not only validates what we've built together so far, it also propels us toward new challenges. We will continue striving for excellence with every court we deliver, supporting the evolution of padel around the world," says Hernán 'Bebe' Auguste, Head of International Relations at MejorSet.

FIP President Luigi Carraro also commented: "One of FIP's main goals is to give players the best courts possible so they can show their talent at the highest level. This helps us offer great shows and top-level performances. That's why we are happy to keep working with MejorSet, a leading company. Together, we have reached big goals in recent years, and we believe that the quality of the FIP courts made by MejorSet will continue to help raise the technical level of padel around the world."

About

MejorSet

MejorSet is a Spanish company specialized in the design, manufacturing, and installation of padel courts worldwide. With a presence in over 70 countries, its courts are approved by leading international federations and are used in the most demanding professional circuits.

About International Padel Federation

The International Padel Federation (FIP) is the world governing body of Padel, whose mission is to: foster the growth and development of Padel at all levels and ages, from grassroots to professional; to govern the sport by affiliating national member federations and regional associations (it now counts with 87 affiliated National Federations from all five continents) and to make Padel become an Olympic sport and be part of the Olympic Games, the highest honour for any sport. FIP manages an international calendar comprising its two circuits (Premier Padel & Cupra FIP Tour), as well as its team competitions (World Championships and continental events) for young and senior players. Starting from January 2024, FIP also governs a single official international ranking for professional male and female players, counting the tournament points achieved in its two circuits: Premier Padel and Cupra FIP Tour.
